Hello and thank you for your enquiry about a job in our organisation, Shropshire Community Health NHS Trust.

Enclosed is all the information we think you will need to help you understand more about the role and the organisation and how to take the next step.

You will know from your research that we are an NHS Trust providing care, treatments and services to people of all ages across Shropshire and Telford & Wrekin. We work in people's homes, in schools, in health and care buildings and in all of our local communities.

We are privileged to work with fantastic staff, many of whom have worked with us for many years or have left for a while and come back. However we also need new people with different ideas, views, experience and skills to join our workforce ensuring that we continue to provide and improve our high standards, services and experience of our patients, services users, carers and their families.

In return you will enjoy opportunities to learn and develop in a supportive, enjoyable atmosphere.

You will be a valued member of the team from day one.

I do hope you will come and join us.

Yours sincerely,

Patricia Davies
