

HIGHLY SPECIALISED RESPIRATORY AND SLEEP CLINICAL PHYSIOLOGIST INFORMATION FOR CANDIDATES

ABOUT THE TRUST

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east.

The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are The Princess Royal Hospital (PRH) in Telford and The Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at Telford, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen and the Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ more than 6,000 people, and hundreds of colleagues and students from other organisations also work in our hospitals. We benefit from around 1,000 wonderful volunteers, and our main charitable partners are the League of Friends at The Royal Shrewsbury Hospital, Friends of The Princess Royal Hospital, and the Lingen Davies Cancer Appeal which is based at The Royal Shrewsbury Hospital.

OUR VISION AND VALUES

The Shrewsbury and Telford Hospital NHS Trust is an organisation that strives to provide high quality, safe care for our patients in an environment which our staff are proud to work in

Our Vision:

“To provide excellent care for the communities we serve”

Our Values:

OUR VISION

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

OUR VALUES

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within the organisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective, and personalised, so the feelings behind the Values shouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is, so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour. Ultimately, if we follow our Values, we will provide services that are better for our patients and better for each other.

A MESSAGE FROM OUR CEO

Thank you for your interest in this role.

Our Trust's Vision is to provide excellent care for the communities we serve. We are striving to provide high quality, safe care for our patients in an environment which our colleagues are proud to work in.

We are looking for an inspiring, motivated individual who demonstrates our values, and who can provide clear vision and direction as we continue to move forward.

You will know that our Trust is on an improvement journey. Our recent Care Quality Commission inspection demonstrates that we are making progress towards our aim of Getting to Good, despite the challenges of a pandemic. We also know that we have more to do and that we must sustain the changes if we are to keep on improving. We are wholeheartedly committed to this and have plans in place to support this including our exciting Hospitals Transformation Programme. This will support the reconfiguration of where and how we deliver our services and the modernisation of our facilities and infrastructure, so that we can deliver better quality care for all of our communities.

It is a really exciting time to be a part of our Trust. I hope that you will join us to help steer and support us on our journey.

Job Title	Highly Specialised Respiratory and Sleep Clinical Physiologist
Band	7
Directorate	Medical Directorate / Unscheduled Care
Accountable to	Service Manager for Unscheduled Care
DBS Required?	Enhanced

JOB OVERVIEW

- The role of The Highly Specialised Respiratory Physiologist is to provide a high quality, patient focused, efficient Respiratory service within the Shrewsbury and Telford Hospitals NHS Trust, to include supporting the Department's service provision at the Community Diagnostic Centre, Hollinswood House.
- Work in conjunction with the department manager and other staff to ensure the service needs are met.
- Performance of the full range of routine and more specialised Respiratory diagnostic tests
- Responsible for the monitoring and performance of calibration and quality control procedures for all equipment
- Supervision of less experienced staff

- Teaching and training of students, trainees and Trust staff
- Updates own professional knowledge.
- Participation in research and development activities in Respiratory Medicine

Key Duties/Responsibilities

Patient Care/ Clinical Responsibilities

A highly specialist Respiratory Physiologist will independently perform a combination of the following specialist procedures.

- Cardiopulmonary exercise tests
- Full Lung Function Studies analysing complex results and producing accurate reports, including respiratory muscle function testing and skin prick allergy assessments
- Set up, download, analysis and interpretation of limited channel sleep studies, producing accurate diagnostic reports
- Issue continuous positive airway pressure treatment to sleep apnoea patients, monitoring progress, managing their care and reporting to the consultant and GP
- Detailed analysis and clinical decision making of possible complex sleep disorders from diagnostic and CPAP usage data
- Participate in the training of physiologists, medical and nursing staff as per departmental training programme
- Prioritise own duties and workload
- Communicate complex information with patients, relatives or carers, explaining the procedures taking into account any learning or physical disabilities, in order to obtain agreement and cooperation to any tests or procedures, ensuring privacy, dignity and confidentiality at all times.
- Ensure availability, cleanliness and maintenance of equipment.
- Ensure appropriate stock levels are maintained ordering stock as appropriate, via stock control or purchase requisition.

Professional

- Ensure personal compliance with regards to mandatory training, professional CPD and codes of conduct.
- Maintain state registration and personal competence
- Contribute to the training of junior staff
- Participate and contribute to monthly Respiratory meetings including presentation of interesting cases and audit data.

Planning and organising

- Contribute to meeting and sustaining the local and National diagnostic targets within the department.
- Works flexibly and contributes to participation in an efficient rota to ensure all service needs are met.

Communication

- Maintain good working relationships and be able to communicate complex information to a wide range of staff, patients and external agencies.
- Liaise with physiological, medical, technical, nursing, housekeeping, administrative and other staff as necessary.
- Contributes and participates in departmental meetings to support a high quality service for patients and support a strong team ethic.

Physical and Financial Resources

- Ensure machines are maintained and faults reported to Medical Engineering, liaise with relevant companies completing necessary feedback reports.
- To be responsible for the maintenance, calibration and accuracy of cardio-respiratory equipment.
- Understand electronic patient database systems, computer systems and applications. Comply with existing systems for the accurate recording, collation, monitoring and feedback of appropriate information.
- Responsibility for maintaining stock control

Human Resources

- Responsibility for providing junior staff with training regarding routine investigations and medical staff with specialist echocardiography training.
- Undertaking workplace assessments and appraisal of junior staff

Clinical Governance and Audit

- Work within agreed Trust and local policies and protocols.
- Contribute and participate in audit to ensure compliance with and development of professional and local policies and procedures and clinical standards/protocols/guidelines.

This list of duties is not intended to be exhaustive, but indicates the main areas of work and may be subject to change after consultation with the post-holder to meet the changing needs of the service.

GENERAL CONDITIONS

As they undertake their duties, all our people are required to uphold and demonstrate the Trust's core values of: Partnering, Ambitious, Caring and Trusted. Collaboration and partnership are also central to our approach in delivering our fundamental activities of patient care, teaching, and research.

HEALTH & SAFETY

As an employee of the Trust, you have a responsibility to:

- take reasonable care of your own Health and Safety and that of any other person who may be affected by your acts or omissions at work; and
- co-operate with the Trust in ensuring that statutory regulations, codes of practice, local policies and departmental health and safety rules are adhered to; and
- not intentionally or recklessly interfere with or misuse anything provided in the interests of health and safety

INFECTION PREVENTION AND CONTROL (IPC)

The prevention and management of acquired infection is a key priority for the Trust. As an employee of the Trust, you have a responsibility to:

- ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself; and
- be aware of infection prevention and control policies, practices, and guidelines appropriate for your duties and you must follow these at all times to maintain a safe environment for patients, visitors and colleagues; and
- maintain an up-to-date knowledge of infection prevention and control, policies, practices, and procedures through attendance at annual mandatory updates and ongoing continuing professional development; and
- challenge poor infection prevention and control practices of others and to report any breaches, using appropriate Trust mechanisms (e.g. incident reporting policy)

INFORMATION GOVERNANCE

The Trust is committed to compliance with Information Governance standards to ensure that all information is handled legally, securely, efficiently, and effectively. You are required to comply with the Trust's Information Governance policies and standards.

- Confidentiality and Security - Your attention is drawn to the confidential nature of information collected within the NHS. Whilst you are employed by the Trust you will come into contact with confidential information and data relating to the work of the Trust, its patients or employees. You are bound by your conditions of service to respect the confidentiality of any information you may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.
- Disclosure of Information - To ensure that information is only shared with the appropriate people in appropriate circumstances, care must be taken to check the recipient has a legal basis for access to the information before releasing it. Upon leaving the Trust's employment and at any time thereafter you must not take advantage of or disclose confidential information that you learnt in the course of your employment, to protect yourself and the Trust from any possible legal action.
- Information Quality and Records Management - You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

PROFESSIONAL STANDARDS AND PERFORMANCE REVIEW

As an employee of the Trust, you have a responsibility to:

- participate in continuous personal development including, statutory and mandatory training as appropriate for the post; and
- maintain consistently high personal and professional standards and act in accordance with the relevant professional code of conduct; and
- take responsibility for the maintenance and improvement of personal and professional competence and to encourage that of colleagues and subordinates

SAFEGUARDING CHILDREN AND VULNERABLE ADULTS

We all have a personal and a professional responsibility within the Trust to identify and report abuse.

As an employee of the Trust, you have a responsibility to ensure that:

- you are familiar with and adhere to the Trusts Safeguarding Children procedures and guidelines
- you attend safeguarding awareness training and undertake any additional training in relation to safeguarding relevant to your role

SOCIAL RESPONSIBILITY

The Trust is committed to behaving responsibly in the way we manage transport, procurement, our facilities, employment, skills, and our engagement with the local community so that we can make a positive contribution to society. As an employee of the Trust, you have a responsibility to take measures to support our contribution and to reduce the environmental impact of our activities relating to energy and water usage, transport and waste.

CONTINUOUS IMPROVEMENT

The Shrewsbury and Telford Hospital NHS Trust is committed to creating a culture that puts Continuous Improvement at the forefront of our transformational journey and our aim is to empower colleagues at all levels have the confidence, capability, passion, and knowledge, to test changes and make improvements at SaTH and in the communities we serve.

Following a successful five-year partnership with the Virginia Mason Institute in the USA, SaTH

continues to further develop and embed the Trust's approach to Continuous Improvement at all levels of the organisation. You will be supported by an Improvement Hub, which will provide the necessary expertise to support you make improvements, while also providing training at various stages of your time at SaTH, as part of your continuing professional development.

EQUAL OPPORTUNITIES AND DIVERSITY

The Shrewsbury and Telford Hospital NHS Trust is striving towards being an equal opportunities employer. No job applicant or colleague will be discriminated against on the grounds of race, colour, nationality, ethnic or national origin, religion or belief, age, sex, marital status or on the grounds of disability or sexual preference.

Selection for training and development and promotion will be on the basis of an individual's ability to meet the requirements of the job.

The Shrewsbury and Telford Hospital NHS Trust the post-holder will have personal responsibility to ensure they do not discriminate, harass, bully, or contribute to the discrimination, harassment or bullying of a colleague or colleagues, or condone discrimination, harassment or bullying by others.

The post-holder is also required to co-operate with measures introduced to ensure equality of opportunity.

NO SMOKING POLICY

There is a no smoking policy in operation within the Trust. Smoking within the Trust's premises or within the Trust's grounds is not permitted.

MISCELLANEOUS

This job description is an outline of the key tasks and responsibilities of the post and is not intended to be an exhaustive list. The job may change over time to reflect the changing needs of the Trust and its services as well as the personal development.
