North Middlesex University Hospital NHS Trust is a medium sized District General Hospital based in Edmonton in Enfield, North London. We serve a diverse multicultural population largely from the London boroughs of Enfield and Haringey. Many of our patients live in wards that are within the 5% most deprived in the UK and a large proportion of our patients were born abroad. This makes it both a fascinating and a challenging hospital to work in.

Over the last decade we have rebuilt almost all of the hospital and now have facilities that we are proud to work in. We employ over 3,500 staff, more than half of whom live locally. We encourage apprenticeships from the local community and work closely with our local Health Watch.

We are primarily an emergency led hospital with more than 90% of our bed days being used for patients admitted via our emergency and ambulatory units. As well as offering everything you would expect from a major acute hospital we have a number of tertiary services treating patients with HIV and Sickle Cell Disease and a large cancer and radiotherapy service. We also run our local community Sexual Health Clinics.

The Community division comprises of the 0-19 Service, Health Visitor and School Nursing services, that deliver the Healthy Child Programme. As well as a BCG clinic for targeted babies and Canterbury ward, that supports the acute wards.

We are proud of our staff and want to ensure their training allows them to provide excellent clinical care. We are also a training unit for medical students from UCL and St George's University Grenada, and for nursing and midwifery students from Middlesex and City Universities.

Our priorities:

### 1. **Providing Outstanding Care**

We will provide:

- Excellent outcomes for patients
- Excellent experiences for patients and staff
- Excellent value for money

### 2. **Partnering with Others**

We will work closely with our system partners to integrate health and care and broader public services, and guide you towards the best services for you.

### 3. **Keeping Healthy**

We will use every opportunity we have to promote wellbeing, providing information and education for our community.
