JOB DESCRIPTION & PERSON SPECIFICATION

COMMUNITY ADULT CONSULTANT PSYCHIATRIST (MHWT – EAST)

10 Programmed
Activities (PAs)

Barking Community
Hospital, Barking

Replacement Post (2)

LON NE-CO-STH-2023-01641 (Approved)

05.12.2023 – 04.12.2025

Messages from our senior leaders:

Chief Executive Officer

Paul Calaminus

Thank you for showing an interest in working at NELFT. I am very proud to be the Chief Executive, working with so many amazing colleagues across the organisation. We provide mental health and community services to over 4.9 million people across northeast London, Essex, and Kent. Our aim is to deliver the best care by the best people. We are focused on working collaboratively to enable our colleagues to improve outcomes for our local communities through innovation and integration. We have invested £2.4 million pounds in clinical leadership, to ensure the clinical voice is heard. Our strong track record of operational and financial management allows us to this, investing in the development of our workforce as well as our services, particularly in the digital space.

At NELFT we strive towards a culture that is both just and compassionate for those we care for and for our colleagues. We firmly believe that respecting and valuing diversity, and engaging our workforce and our patients, improves patient experience and outcomes.

We aim to care for our colleagues as much as we do our patients and the health and wellbeing support, we have in place is testament to this. Our staff survey demonstrates that these are not just words but are a widely shared set of beliefs.

As a mental health and community trust we believe very strongly in partnership working. We have a well-established track record of collaboration with neighbouring healthcare organisations and local authorities that has enabled us to develop improved pathways of care and better outcomes for patients.

I hope that as you read this job description and the supporting information that you will consider a career with NELFT. It will be one that I have every confidence will be rewarding and fulfilling and will make a huge difference to the quality of life for those that we serve. I do hope I get the privilege of working alongside you in the future. Regards, Paul.

Chief Medical Officer / Responsible Officer

Dr Caroline Allum

Caroline.Allum@nelft.nhs.uk

I would like to thank you for your interest in NELFT and wish you every success in your application.

We have a strong Medical Leadership team and believe the Clinical voice is key in driving best care in NELFT.

We are an innovative organisation and are actively engaging in exciting projects across the region, Integrated Care Systems, and within our organisation to make services better for our residents and patients. We hope you will play a key part in continuing our journey.

I look forward to meeting you. Regards, Caroline.

Best care by the best people

Medical Director

Dr Vincent Perry

Vincent.Perry@nelft.nhs.uk

Thank you for taking an interest and hopefully applying for a medical role in NELFT.

I have worked in NELFT for the past 20 years and cannot see myself working for another Trust. NELFT have provided me with several opportunities throughout the years to grow and develop, which will be the same for you.

We have a robust medical appraisal system, which is recognised as one of the best across London. We have a formidable medical educational department, research department, and Quality Improvement teams.

NELFT is entering a new phase in its service delivery, with several transformation project taking place. We have strong Medical Leadership in NELFT, and we are keen for the clinical voice and the patient voice to guide our service delivery decisions and developments. We also remain mindful of best practice.

I hope you will seriously consider becoming a key player in our journey to an Excellent CQC rating. I wish you all the best with your application and interview preparation and look forward to working closely with you. Regards, Vincent.

Acting Associate Medical Director – Barking & Dagenham

Dr Basit Hussain

Basit.Hussain@nelft.nhs.uk

Thank you for reviewing this advertised medical position in NELFT, specifically within our Barking and Dagenham Directorate.

Our passion lies in doing the best for our local residents and delivering a just and compassionate service, where service users and carers feel empowered to contribute towards their care and service improvement.

The Directorate has a culture of continual learning, innovation, and development. We are currently implementing a mental health service transformation plan, the key focusses being Place-Based-Care (aligning mental health services with Primary Care Networks & facilitating integration with Physical Health services) and Continuity of Care across the service user's journey. Another example is that Health Education England were recently very impressed with significant improvements we have made to support our trainee doctors, making their training experience positive.

We are keen on employing enthusiastic doctors to work within the directorate, which provides several opportunities for learning and development. We hope you will apply for this post and join us in our ongoing journey of innovation and development. Regards, Basit.

Best care by the best people

1.1 Job Title:

Community Adult Consultant Psychiatrist

This post is for an Adult Consultant Psychiatrist position in the East Mental Health & Wellness Team, based at Barking Community Hospital, Upney Lane, Barking, Essex, IG11 9LX.

Rationale for post:

This is a well-established post that has been vacant due to the previous consultant leaving the organisation. A lot of transformation has taken place already and continues to take place within Barking & Dagenham Adult Community Services. This post is currently vacant, and we wish to recruit substantively to this post as soon as possible.

This is a replacement post and is full-time - 10 Programmed Activities (PAs) post with 7.5 Direct Clinical Contact activities (DCC) and 2.5 Supporting Professional Activities (SPAs).

On-call responsibility:

The postholder will be part of the Senior Psychiatrist on-call rota covering out of hours and weekends for London Mental Health Services in NELFT. The on call will cover service delivery for Adults and Older Adults presenting with mental health problems. This is currently a 1:50 rota with a 3% Category A salary supplement. The Trust also has a Daytime (9am-5pm) 136 Medical rota with an approximate frequency of once every 3 months.

The successful candidate will work as part of a multidisciplinary team providing care to adults with mental health needs who are registered with a GP Practice located in the eastern part of the London Borough of Barking & Dagenham (plus a small number of patients who reside in that part of the Borough but whose GP is elsewhere). This roughly equates to residents of the Electoral Wards named East Brook, Alibon, Becontree, and parts of Heath on the borough map in Section 3.1 below.

The successful candidate will provide senior medical support to the team, and direct input on clinical cases. The consultant will be expected to provide guidance and supervision to the team, work directly with adult patients (and their families), and liaise as appropriate with other external mental health providers, and acute hospitals. You will be one of two full-time Adult Consultant Psychiatrists (both out to recruitment) in the East Team. The team also has a full-time Core Trainee, a full-time GPvTS, and 0.5wte Senior Trainee, for whom the consultants have supervision responsibilities.

We receive Year 4 medical students on clinical placement from Barts & The London School of Medicine, Queen Mary, University of London (QMUL) as well as Physician Associate students from QMUL and Anglia Ruskin University. There are opportunities for Consultants to take an active role in teaching both in terms of clinical work and curriculum delivery as well as delivering lectures and acting as examiners in the Clinical Examinations at QMUL.

The postholder will have access to designated office space at Barking Community Hospital, Barking, Essex.

Accountability:

The postholder will be professionally and clinically accountable to the Associate Medical Director for Barking & Dagenham (currently Dr Basit Hussain), and operationally accountable to both the Associate Medical Director and the Integrated Care Director for Barking & Dagenham (currently Melody Williams) via the Assistant director (currently Sangita Lall).

The post holder will be a suitably qualified Consultant Psychiatrist with Approved Clinician (AC) certification, or eligibility for it. The post holder will be a GMC registered clinician responsible for patients allocated to them and will assess, manage, plan, and deliver care.

The post holder will support their peers and team manager and be an effective team member whilst working on their own initiative. They will supervise junior colleagues. They will have a commitment to collaborative working and actively supporting and liaising with other health and social professionals and agencies.

1.2 Main responsibilities:

1. To be responsible for organising and prioritising own and others' workload in the day-to-day allocation of work.
2. To deputise when required in the team manager's absence and delegate appropriately to other medical staff.
3. To have organisational knowledge relating to Trust protocols and procedures and adhere to them.
4. To be responsible for providing accurate records of information required by the Trust for audit purposes.
5. To ensure effective risk management at team level by accident/incident reporting, assessing, and controlling risk and ensuring residual risks are added to the Trust's risk register.

Clinical Skills:

1. To act as an autonomous, registered practitioner who is legally and professionally accountable for their own unsupervised actions guided by the professional code of conduct and Trust guidelines and protocols.
2. The post holder will have full registration with a licence to practice from the General Medical Council (GMC).
3. Further professional knowledge will have been gained through accredited courses, workshops, study, and in-house training programmes.
4. To be responsible, and accountable, for service delivery to clients/patients.
5. To be able to assess and develop care plans to meet the complex needs of patients with a variety of conditions. This includes chronic, acute, and palliative care within own competencies, recognising own limitations and seeking advice when necessary. This will include continuously evaluating and acting on outcomes.
6. To be able to initiate referrals to other health professional specialist services and agencies.
7. To provide patients and relatives with information and education thus ensuring they have meaningful choices that promote dignity, independence, and quality of life.
8. To ensure practice is supported by research, evidence-based practice, literature, and peer review.

Training & Supervision:

1. To act as clinical supervisor to junior colleagues (FY/CT/GPVTs/ST), providing effective education, facilitating their development, and promoting high standards of medical care.
2. Ensure junior colleagues are actively supported to enable them to achieve their learning needs.
3. To ensure own continued professional development and support a culture of lifelong learning in self and others.
4. To undertake, and assist in the planning of, own mandatory training and workshops.
5. To undertake a regular appraisal, developing a personal development plan that includes clinical competencies reflecting the health needs of the local population and relates to Trust strategy.
6. To support new staff and their integration within the team.
7. To support training as part of the role including changes to professional development and implementation of new policies and guidelines.

Education:

1. To provide in-service training to junior doctor, and other members of the multidisciplinary team.
2. To contribute to the teaching of Medical Students and Trainee Doctors.
3. To engage in the weekly Academic Teaching Programme

Administration:

1. To follow good medical practice standards in documenting all assessments of patients and to share necessary information with other health professionals.
2. To provide reports on time.
3. To ensure that all letters and summaries are checked and sent promptly to referring GPs, other colleagues, and agencies.
4. The post holder will ensure that accurate and up to date records are kept of all clinical activity.
5. The post holder will be expected to have good IT skills and to use the Trust's electronic case record system.

Management:

This is not a formal management position, however as a Senior Clinician you are expected to:

1. Support the team manager and other consultants in managing members of the multidisciplinary team to ensure a high level of patient care and ensure patient safety.
2. Act as Line Manager to all medical members within the team, offering clinical supervision as appropriate.
3. Address all areas of clinical governance within the multidisciplinary team. The components of clinical governance include Education and Training, Clinical Audit, Clinical Effectiveness, Research and Development, Openness and Risk Management.

Leadership:

1. To participate in the development of an effective team and the development of productive working relationships throughout the Trust.
2. To actively promote professional integrated health working, internally and externally.
3. To facilitate the development of a positive and supportive team culture by taking responsibility for dealing effectively with potential conflict.

4. To take an active interest in working parties and groups within the Trust to develop and improve on service delivery, protocols, and guidelines.
5. To participate in the audit process, linking in with the clinical governance agenda.
6. To advise, encourage and share knowledge utilising the latest research and practice development, through literature and peer reviews.
7. Support the Associate Medical Director (AMD) in strategic service development and business planning.
8. Lead compassionately on the evolution of services.
9. Engage patients and staff in the development of services.

Communication:

1. To have a wide range of knowledge in approaches to communicating and managing patient care.
2. To be able to effectively communicate with colleagues, peers, senior managers, and clinical leads within the Trust.
3. To be able to communicate complex patient related information facilitating positive outcomes and ensuring collaborative working.
4. Participate in the review and development of clinical policies and identify improvements to service provision.

1.3 Provisional Job Plan:

Specimen Timetable:

	AM	Type of Activity	PM	Type of Activity
Monday	Clinical Risk Management / Outpatient Clinic	DCC	Outpatient Clinic	DCC
Tuesday	Clinical Administration	DCC	Outpatient Clinic / CPA meetings	DCC
Wednesday	Outpatient Clinic	DCC	Clinical Administration	DCC
Thursday	CPD	SPA	Audit / Research	SPA
Friday	Supervision / Clinical administration / CTO Tribunals / Reports	DCC	Direct Patient care / Supporting professional activities	DCC SPA

The final Job Plan (within the terms of the New Consultant Contract) will be agreed with the Associate Medical Director (AMD) and in consultation with the Integrated Care Director after a period of induction after commencing the post. The post holder should recognise that the job will evolve as teams develop, and the post holder should be willing to adapt to change when this becomes necessary. The typical split in DCC to SPA is 7.5 to 2.5.

The postholder will at a minimum, have annual Job Planning with the Associate Medical Director. This will be with or without the Integrated Care Director or Assistant Director. Timely Job Plan review will take place with the Line Manager when there are proposed workload changes to support safe working and identify the need for any additional support

(e.g., unexpected request to cover a unit/ward/service in addition to current workload). The postholder's Personal Development Plan (PDP) from their last annual appraisal will form part of this process. The Trust's requirements will also form part of the job planning process.

1.4 Office, Admin, and IT Facilities:

The post holder will have access to designated office space based at Barking Community Hospital, Upney Lane, Barking, Essex, IG11 9LX.

NELFT is promoting agile working for its workforce, and therefore the post holder will also have access to a laptop and a smartphone, to be discussed with the Associate Medical Director.

The post holder will receive the necessary dedicated admin support from the medical administrators (1.3wte medical secretary).

During induction the post holder will be given all the necessary training to use our software systems. The post holder will have full support from our well-established Healthcare Informatics department, which is available 24/7 to deal with and support any IT queries. The post holder will also have internet access to e-mails, Trust policies and other information.

1.5 Other Aspects of the post:

Appraisal and Revalidation:

The post holder will be required to engage in the annual appraisal process in line with Trust policy and GMC guidelines. The Revalidation and Appraisal Lead will allocate an appraiser to the post holder. NELFT will be the post holder's Designated Body for the purposes of Revalidation.

Necessary Registrations:

The post holder must be registered with the GMC and have a licence to practice. It is mandatory that the post holder have Approved Clinician (AC) status, or eligibility towards this. The post holder must have CCT or equivalent qualification. It is also the post holder's duty to ensure that their training and registration remains up to date.

CPD:

NELFT appreciates the importance of; and supports all our consultants to undertake regular Continuous Professional Development (CPD) and make sufficient provision for this within their job plans. There is strong support from the Trust for CPD and the Trust offers free subscription to CPD Online from the Royal College of Psychiatrists.

The post holder will be expected to develop and maintain a programme of personal Continuing Professional Development, and to enrol for CPD with the Royal College of Psychiatrists and annually submit documents to support their CPD activities. The post holder must maintain good standing with the Royal College of Psychiatrists for CPD.

The post holder will typically have 2.5 Programmed Activities (PAs) per week for Supporting Professional Activities (SPAs). Professional/study leave of up to 10 days per year (or 30 days over 3 years) will be made available for this purpose in accordance with the Terms and Conditions of Service. The post holder will also have access to a study allowance of £1000 per year (or £3000 over 3 years). Professional/study leave may include conferences, courses, shadowing, delivering, or receiving teaching/training, paper writing, fieldwork, and examining and private study leave.

As part of CPD the post holder will be encouraged to attend the weekly local Academic Teaching Programme. The post holder will be expected to become part of a Peer Reference/Support Group with a group of peers drawn from within NELFT, in order to discuss and review complex/challenging clinical cases and to provide support in achieving their Personal Development Plan.

Research and development (R&D):

Research is not mandatory in this role but would be encouraged if the postholder has a specific interest in research.

The R&D Department is responsible for a sizable portfolio of mental health and community health studies. The Department of Health has consistently rated NELFT research as strong with major research grants and high-quality peer reviewed publications. NELFT has a growing number of NIHR portfolio research studies. The R&D Strategy approved by the Trust Board focuses on attracting and retaining high quality staff, increasing the business base, developing, and informing the service model, enhancing the academic culture, boosting grant funding, supporting research, and developing partnerships and reputation.

NELFT encourages high quality research by providing access to high quality academic supervision, training, and statistics and methodology assistance. In addition, there are workshops, open days, and funding to support higher degree courses with a major research component. The R&D Department also manages research governance procedures to ensure good practice in research. There are regular updates through a newsletter, email, and the R&D website. Researchers are welcome to approach R&D for advice and support. The postholder will be encouraged to pursue research, with the possibility of linking this to the programme of such activity conducted within the Trust Research and Development Department headed by Dr Russell Razzaque or with other academic centres.

Library Services:

Aubrey Keep Library (on the Goodmayes site) provides library and knowledge services to NELFT staff, and staff of other subscribing organisations. NELFT staff based in Essex can also access a full library service from Basildon healthcare library.

Aubrey Keep Library supports the provision of high quality, innovative, health and social care services in the local health economy by enabling access to the best available evidence and empowering health and social care staff to develop their evidence-based practice skills. The library also offers computer access, colour laser printer, photocopier and scanner, quiet study space, and support with literature searching and current awareness. A professionally qualified librarian and an experienced library assistant staff the library and are always happy to help.

It stocks around 2,500 print books and takes 40 print journals. Many resources are available electronically. Library staff will provide information and assistance by phone or email wherever possible. The library has access to the print collections of all other NHS London Libraries and over 100 other psychiatric libraries through reciprocal lending and document supply schemes.

Medical Education Department:

Dr Peter Carter who is the Director of Medical Education (DME) leads the Medical Education Department. Dr Luca Polledri is the Postgraduate Tutor for Higher and Foundation Trainees; Dr Gemma Hopkins is the Postgraduate Tutor for Core and GP Trainees. Dr Bini Thomas is the Simulation Training Lead. Dr Montserrat Fuste is tutor for SASG doctors. Our Less than Full Time (LTFT) champion is Dr Amber Selwood. There is a Supported Return to Training Champion (SupportTT), Dr Sonali Gupta.

The NELFT Medical Education department delivers undergraduate and postgraduate (Core and Higher) education and training. Our dedicated Medical Education team provides professional support to our trainees and members of staff. Due to our geographical context, our medical education department has key relationships with two Health Education bodies (Health Education North Central and East London (HENCEL) and Health Education East of England (HE EOE)), which liaise with us to provide high quality education and training to doctors in the Trust. We also work with University College London Partners (UCLP).

We attract doctors of the highest calibre to enjoy excellent training in a friendly, nurturing environment. They range from FY trainees to Higher specialist trainees, mainly in psychiatry but also in Paediatrics, Geriatrics and Audio-Vestibular medicine.

NELFT Medical Education department has a very active Simulation Training programme which not only benefits NELFT staff but is also open to staff from neighbouring acute trusts and psychiatry trainees from the 5 mental health trusts in the region. The department runs a separate monthly CPD afternoon for Consultants and SASG doctors. The department is supported by 2 Medical Fellows, one nurse fellow in education and 3 postgraduate tutors. Consultants have plenty of opportunities to contribute and develop their educational interests.

NELFT is actively involved in teaching Undergraduate medical students, providing 4th Year Psychiatry placements and 2nd year “Medicine in Society” placements for students from Barts & The London School of Medicine and Dentistry, Queen Mary, University of London and a smaller number of 4th year Psychiatry placements for students from University College London (UCL). Doctors may also choose to offer optional “Special Interest” sessions to 4th year medical students and Selected Study Components to 5th year students who wish to study, in depth, areas of particular interest to them. There are opportunities for interested medical staff to teach on the formal Medical School lecture courses.

The Undergraduate Tutor coordinates placements within the Trust and recent faculty development have seen the appointment of Fellows in Medical Education and provision of “Teaching the Teachers” training courses.

Undergraduate and postgraduate teaching commitments are acknowledged and timetabled within the formal job planning process.

Several of our consultants are also Educational Supervisors, which is coordinated by the Director of Medical Education, and in liaison with the relevant Training Programme Directors and Postgraduate Tutors.

We have been successful in several bids for funding to improve our Medical Education facilities. We run a Leadership Course, which is approved by the Institute of Learning Management for senior trainees and have received funding to run a management course for junior trainees. In the past we have run Leadership Programmes for staff grade doctors as well.

Audit/Quality improvement (QI):

The post holder will be expected to participate and complete audit/quality improvement projects.

Clinical Audit at NELFT is a clinician-led Quality Improvement activity where medical staff have the opportunity to show leadership, make decisions, organise, and motivate other team members for the benefit of service users.

Clinical Audit is a vital area of activity for both trainees and more senior staff and will be a key area under revalidation, as you will be required to provide:

- Evidence of participation in clinical audit
- Evidence that you have reflected on the results of clinical audit
- Evidence that you have acted on the results of clinical audit. This includes action planning which is also a key requirement at NELFT.

Audits are focussed on specific Trust priority areas for Clinical Audit determined by consultation with Clinical- and Operational Management. Support for medical staff undertaking clinical audit is offered at a number of levels including (where applicable) from: the Educational Supervisor, Clinical Supervisor, local directorate Clinical Audit leads, Trust Clinical Audit Lead, audit facilitator and stakeholders relevant to the Clinical Audit. The Post holder will be expected to participate fully in Clinical Audit activities and to encourage audit amongst other team members to facilitate best practice.

Dr Stephen O'Connor is the Associate Medical Director for Quality Improvement.
Our Director of Quality Improvement is Mirek Skrypak.
Halima Begum is the Trust's clinical lead for Audit.

Mentoring:

The post holder will have the option to access to mentoring from an experienced & trained mentor within the Trust and, if additional support is desired, arrangements can be made for supervision sessions from the Associate Medical Director.

Leave:

The annual leave entitlement is 32 days per annum, increasing to 34 days after seven years as a consultant. (Please see table below)

Consultants annual leave entitlement exclusive of public holidays and extra statutory days, is in accordance with the T&Cs 2003 - Schedule 18, as shown below.

Year	Up to 7 years' service completed as consultant	7 or more years completed as consultant
Until 31 March 2004	6 weeks (30 days)	6 weeks (30 days)
1 April 2004 – 31 March 2005	6 weeks (30 days)	6 weeks (30 days) + 1 day
From 1 April 2005	6 weeks (30 days)	6 weeks (30 days) + 2 days

Study Leave entitlement is 30 days to be taken over a 3-year period. Leave should be applied for in line with the Trusts' Annual Leave Policy and Procedure for medical staffing.

Cross-cover:

It is expected that the two consultants within the Mental Health & Wellbeing Team will provide nominal cross-cover for each other during periods of leave, and active clinical cover in urgent situations if necessary. Consultants should arrange this cover in advance and inform the AMD of the details in the leave application. The other consultant in the team is Dr Steven Linford.

External Duties:

The Trust supports consultants to take up and carry out external duties (e.g., Royal College roles, HEE roles) within the context of Job Planning

The post holder is required to:

- Work in accordance with Trust policies and guidelines always
- Always adhere to the Trust Information Security Policy, in particular ensuring that there are no breaches of confidentiality because of your actions
- Carry out other duties commensurate with the grade as directed.

3.1 Barking and Dagenham Directorate:

The Barking and Dagenham Directorate forms one of the 7 Operational Directorates in NELFT. The other Operational Directorates include Acute and Rehabilitation Directorate (ARD); Barking and Dagenham; Essex; Havering; Redbridge; and Waltham Forest.

Our Barking and Dagenham Directorate covers many services, which are listed under the directorate composition below (3.2).

The London Borough of Barking and Dagenham is a London borough in East London. It lies around 9 miles (14.4 km) east of Central London. It is an Outer London borough and the southern part of the borough is within the London Riverside section of the Thames Gateway; an area designated as a national priority for urban regeneration. At the 2011 census it had a population of 187,000, the majority of which lived within the Becontree estate. The borough's three main towns are Barking, Chadwell Heath and Dagenham. The Local Authority is the Barking and Dagenham London Borough Council. There are a total of 52 listed buildings located within the borough's boundaries.

The borough has extremely good transport links to central London and eastwards to Essex and Kent. In terms of public transport, the borough is served by a good local bus network as well as National Rail/C2C (Barking), the District Line (Barking, Upney, Becontree, Dagenham Heathway, Dagenham East), the London Overground (Barking & Barking Riverside) and the new Elizabeth Line (Chadwell Heath). In terms of roads the A12 and A13 major arterial roads run through the borough (Barking Community Hospital is just off the A13 close to the junction with the A406 North Circular Road) and both the Blackwall Tunnel and Dartford Crossings are not far away, granting access to South London & Kent. The Silvertown Tunnel, due to open in 2025 between Newham and the Greenwich Peninsula, will enhance these links further.

From the 2021 census, Barking and Dagenham now has a population of 218 900 – this represents an increase in the population of 17.7% since the 2011 census. This is the 3rd biggest increase in population out of 331 districts across England and Wales and Barking and Dagenham is the 18th most densely populated of those 331 districts. Barking and Dagenham had the highest percentage of its population in the 0 - 4 age range in the country according to the 2021 census. There has been a decrease of 1.7% in people aged 65 years and over, an increase of 20.8% in people aged 15 to 64 years, and an increase of 17.3% in children aged under 15 years.

In the Annual Population Survey conducted by the Official for National Statistics (ONS) Barking and Dagenham was rated as London's happiest borough between April 2021 and March 2022, with a score of 7.77 out of ten. When quizzed on why the borough was the capital's happiest, both of its MPs hailed its sense of community, which particularly came to the fore during the Covid Pandemic.

Barking and Dagenham services have a culture of continual learning and development. Several service development and Quality Improvement initiatives are being progressed.

3.2 Composition:

The Barking and Dagenham Directorate overall hosts 5 main areas of services delivery:

1. Community CAMHS services,
2. Community Paediatric services,
3. Community Learning Disability services
4. Community Adult Mental Health services
5. Community Older Adult Mental Health / Memory services

The 4 London Community Directorates (Havering, Barking & Dagenham, Redbridge, and Waltham Forest) all have the following services:

- Community CAMHS services
- Community Paediatric services
- Community Adult Mental Health & Wellness Teams
- Community Older Adult Mental Health & Wellness Teams
- Early Intervention in Psychosis teams (for patients with First Episode Psychosis)

This post is located entirely in the community setting, within the Barking and Dagenham (Adult) Mental Health & Wellness Team, which is described in more detail under 3.4.

The Acute & Rehabilitation Directorate (ARD) is based at the Goodmayes site in the neighbouring borough of Redbridge and provides several services as part of the Acute Care Pathway for mental health patients. Sunflowers Court is the modern, purpose-built inpatient unit which provides several acute inpatient wards (single sex accommodation), a Psychiatric Intensive Care Unit, a Low Secure Unit (male only), an accredited Electro-Convulsive Therapy (ECT) Suite and a dedicated Section 136 Suite, which acts as the designated local Health-Based Place of Safety to which police bring acutely unwell patients they have held under Section 136 of the Mental Health Act.

The Home Treatment Team (HTT) is also based next door to Sunflowers Court and works closely with the inpatient clinical teams.

Community patients felt to be in need of ARD services are referred to a small, specialist Acute Crisis & Assessment Team (ACAT) who will review patients with the clinicians who already know them in their local teams to reach an agreed clinical management plan (admission, HTT, etc). Community teams are encouraged to refer early where appropriate with a view to enabling pro-active interventions.

Patients from Barking & Dagenham are, where possible, admitted to specific wards at Sunflowers Court (Knight Ward for female patients and Turner Ward for male patients) which greatly assists in communication between inpatient and community clinicians and fosters good working relationships and joined-up thinking. Similarly, there is a specific Barking, Dagenham, and Havering HTT for Barking and Dagenham patients, producing similar clinical benefits.

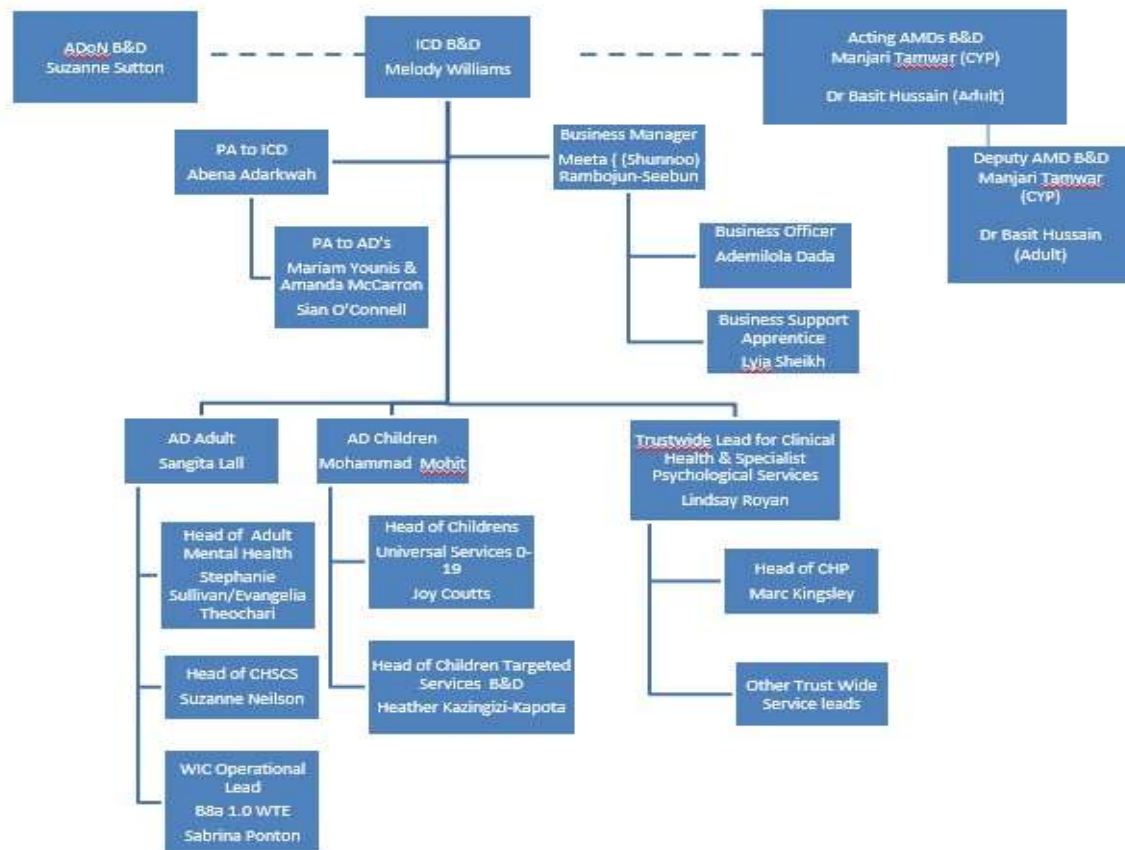

NELFT also provides a Psychiatric Liaison service to Queens Hospital A&E (Romford), King George Hospital A&E (Ilford) and Whipps Cross Hospital A&E (Leytonstone).

NELFT also has a Trust-wide Eating Disorder service, a Perinatal service, as well as a Personality Disorder service (IMPART).

Each local clinical team ensures that the service is tailored to meet local need, links to local systems, resources, and services. The teams provide easy access, high quality, comprehensive, outcome focussed and evidence-based interventions following an integrated care pathway approach across health, social care, education, voluntary and the community sectors. The locality teams also advise and support services to maximise capacity to build resilience and provide early intervention.

3.3 Leadership:

Each Operational Directorate is led by an Integrated Care Director (ICD), Associate Medical Director (AMD), and a Director of Nursing (DoN). We have also appointed Deputy Associate Medical Directors within some directorates to strengthen Medical Leadership, and provide support to the AMD.

3.4 East Mental Health & Wellness Team:

The East Mental Health & Wellness Team provides a community mental health service to adults with mental health needs who are registered with a GP Practice located in the eastern part of the London Borough of Barking & Dagenham (plus a small number of patients who reside in that part of the Borough but whose GP is elsewhere). This roughly equates to residents of the Electoral Wards named Electoral Wards named East Brook, Alibon, Becontree, and parts of Heath on the borough map in Section 3.1 above.

Until recently adult community mental health teams in Barking & Dagenham were split along functional lines into an "Access, Assessment & Brief Intervention Team" ("Access") and 2 Community Recovery Teams ("CRT").

The Access Team would focus on taking initial referrals from various sources (largely Primary Care but also Social Care, Substance Misuse Services, Police, inpatient wards, self-referrals, etc) with a view to conducting a thorough assessment of the person's mental health and other needs. Depending on the outcome of that assessment the person would then either be helped to access care and support from another service (either within

NELFT or elsewhere) or taken on by the Access Team for a period of Brief Treatment (up to 12-18 months) with a view to achieving clinical improvement and discharge back to Primary Care.

The 2 CRTs would focus on patients who met the threshold for care under the Care Programme Approach (CPA), namely patients with chronic severe / enduring mental health problems whose level of clinical complexity or risk required them to be allocated a Care Coordinator and have a detailed Care Plan designed to address those needs/risks over a longer time period (likely several years).

This functional division had many advantages but one issue that became clearer over time was that there was a growing number of patients whose mental health needs could not be fully addressed within the planned Access Team timescale, but whose level of complexity/risks did not meet the threshold for CPA and the CRTs. This was increasingly recognised to not be ideal for meeting the needs of this patient group.

NELFT therefore decided to use the opportunity of the additional transformation funding available from NHS England under the NHS Long Term Plan to restructure its community mental health teams. The division between Access Teams and CRTs is thus being dissolved by the two sets of patients and staff merging into a number of Mental Health & Wellbeing Teams (MHWTs). Each team is aligned with specific Primary Care Networks (PCNs) and provides mental health care to patients registered with those GP practices and residing in a particular area of the borough. Each team will also act as the Single Point of Access (SPA) for external referrals for its local area.

In Barking & Dagenham there are 3 MHWTs – West, North, and East. As the population of the major new Barking Riverside development increases it is anticipated that an additional South team will be needed in the next few years.

This ‘Place-Based Care’ allows for greater continuity of care over time with patients continuing to see the same staff throughout their mental health journey. It also enables improved communication and linked working with Primary Care (making it much easier to discharge stable patients to the care of their GP and accept patients back to Secondary Care for extra support before a full-blown crisis emerges) and a much better degree of integration with community physical health services which are also aligned to PCNs.

The transformation in NELFT has taken place in full consultation with all relevant stakeholders, most importantly including patients and carers. The new teams have allowed for the development of new roles including Peer Support Workers and senior mental health nurses embedded into specific PCNs to enhance the ability of Primary Care to support a broader range of patients’ needs.

The aim of the transformation at its core is to put relationships (between clinicians and patients, but also between different clinicians) at the heart of mental health care to provide truly person-centred care, improve clinical outcomes and assertively promote recovery.

NELFT is also working on developing a replacement for the Care Programme Approach (CPA) system to produce a patient-centred, needs-led, recovery-focussed system that will be truly meaningful for patients and clinicians (and, along with other initiatives, which will significantly reduce the administrative burden on clinicians, releasing more time for care delivery).

It is genuinely an exciting time to work in NELFT mental health services!

Social Care is the responsibility of the Local Authority, the London Borough of Barking & Dagenham (LBBD) who provide a full range of Social Care assessments and interventions. Of most relevance to this document, LBBD are responsible for Safeguarding Children and Vulnerable Adults.

As with many Local Authorities, Social Care for Adults with mental health problems is managed separately from NELFT-based NHS care. There is obviously a lot of joint working and regular communication as befits the closely aligned / overlapping areas of responsibility and expertise. The Head of Adult Mental Health Social Care, Douglas Maitland Jones, has a lot of experience in working in services where NHS and Social Care have been fully integrated, and this is hugely beneficial in ensuring a good, close working relationship between the two organisations.

Specialist Substance Misuse Services are commissioned separately to NELFT mental health services, but inevitably there is a huge overlap between the 2 groups of patients – a large minority of the patients under the care of the NELFT MHWTs will have co-existing substance misuse issues. In Barking & Dagenham the locally commissioned provider is CGL and there are regular scheduled joint clinical meetings where mutual patients can be discussed, and joint working planned.

In terms of referral rates, the most recent statistics are from 2021, which was before the transformation. During that period referrals to the Access Team averaged about 250 per month and total referrals to the CRTs averaged about 10 per month. It is projected, each month the East MHWT could roughly expect to receive 50 referrals for initial assessment and 4 referrals directly for Care Coordination per month.

In terms of caseloads, currently the East MHWT has a total of 396 patients who are Care Coordinated and subject to CPA. Once the transformation is fully complete these will be joined by approximately 520 other patients from the Access Team, although it is hoped and expected that this number will reduce significantly over time - the teams will provide enhanced support for Primary Care in the new model so more patients should be able to be discharged and fewer patients will need to be formally referred into Secondary Care.

East Community Mental Health Wellness Team composition:

	Grade	WTE ¹
Consultant Posts	Consultant	2
ST5-6 Trainee	ST5-6	0.5
Core Trainee	CT2/3	1
GP Trainee	GPvTS	1
Medical Secretary	Band 4	1.3
Team administrator	Band 3	1
Operational Lead	Band 8a	1
Clinical Lead	Band 7	1
Care Coordinators (CPNs)²	Band 6 / 5	14

¹ Whole Time Equivalent

² Community Psychiatric Nurses

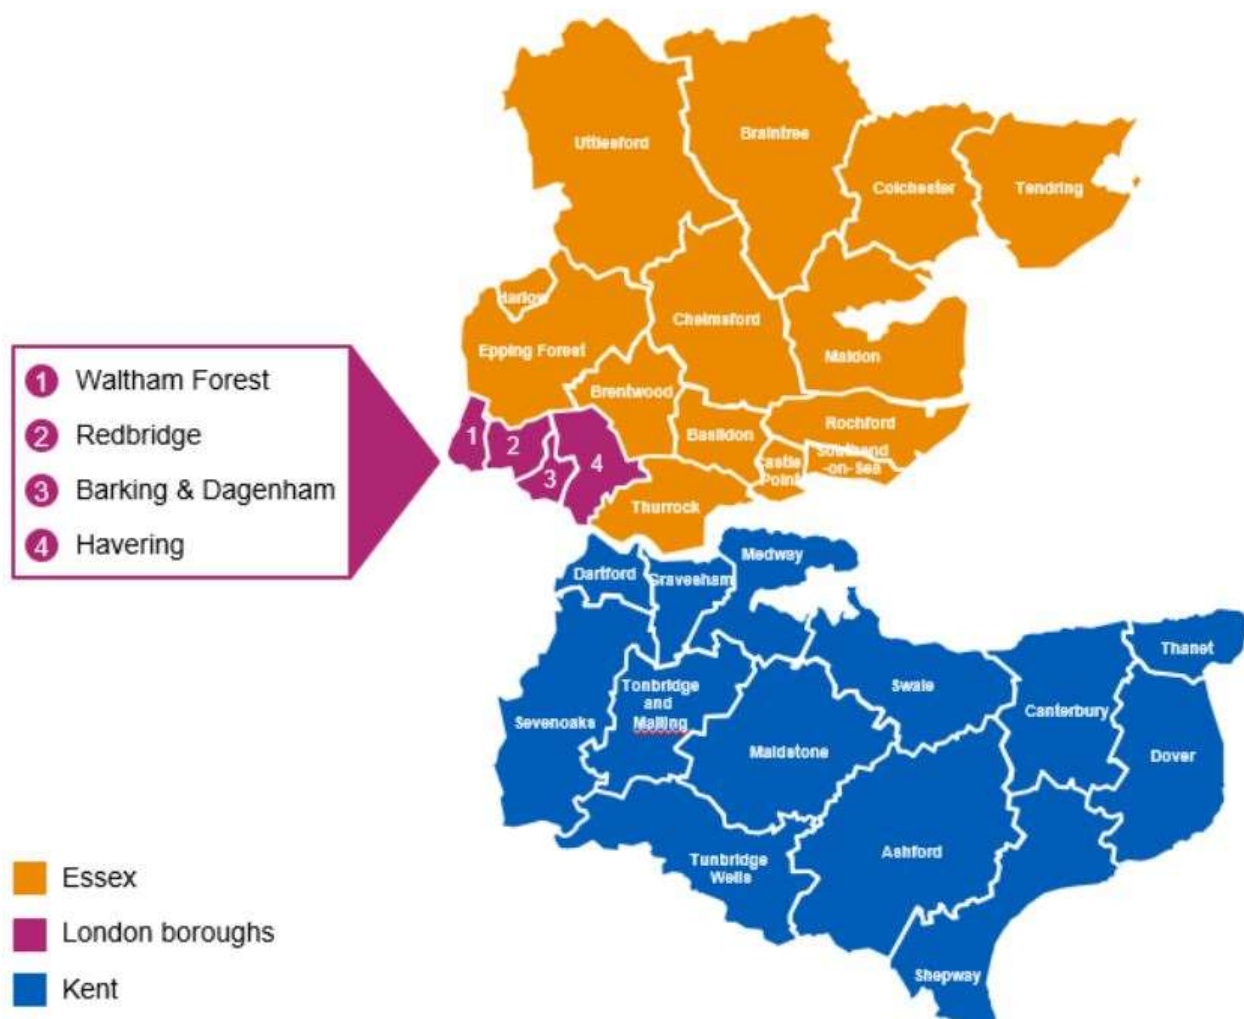

Clinical Psychologist	Band 8a	1
Clinical Associate Psychologist Apprentice	Band 6	1

In addition to the above list of staff who are working specifically within the East MHWT, there are a number of additional staff who work across all three MHWTs. These are:

	Grade	WTE
Consultant Clinical Psychologist	Band 8c	1
Occupational Therapist (Advanced Practitioner)	Band 7	1
Mental Health Support Workers	Band 4	5
Peer Support Workers	Band 4	5
Mental Health Transformation Lead	Band 7	1

Lastly once the transformation is fully complete and the staff from the former Access Team are joined with the MHWTs there will be an additional number of staff (CPNs, OT, Support Workers, Admin) who will be distributed proportionately across the 3 MHWTs.

4.1 NELFT Profile:

NELFT provides award winning Community- and Mental Healthcare for over 4.9 million people across 2,914 square miles of parts of Kent, Essex and North East London.

We work to ensure our patients; their friends; and their families feel confident that their health needs are well met. With an excellent reputation for Research and Development, and Quality Improvement, our skilled Health Professionals are at the cutting edge of evidence-based innovation, opening up the possibilities for better ways of working and delivery of care. Our journey includes significant engagement with the people who use our services, and we are an early adopter of the Patient and Carer Race Equality Framework.

We employ over 6,500 staff and operate with an annual budget of more than £490 million in order to deliver the *best care by the best people* across the communities we serve.

We as an organization take pride in our achievements in the Workforce Related Equality Standard (WRES) and have an active Ethnic Minority Network (EMN) for our staff. We also have several other staff networks, all of which make a vital contribution to our vibrant and inclusive organisation.

We are in the top 10 most improved Trusts in the NHS National Staff Survey, with all ten elements measured in the top quartile of results (2020), and we are in the top four organisations in London for the 2021 NHS National Staff Survey.

Since the introduction of a Freedom to Speak Up (FTSU) Guardian in 2016, nationally the FTSU Index has improved and risen from 75.5% in 2015 to 79.2% in 2020. This news story is even better for NELFT as our 2020 index score is 81.6% which is above region and sector.

Our staff are incredibly important to us, and we have focused on ensuring that our staff are well supported. We have developed numerous initiatives across the Trust supporting staff wellbeing (e.g., self-care, work-life balance, stress management, coaching/mentoring) and individuals are encouraged to complete a Personal Wellbeing Plan. Individuals have access to a wide range of benefits which include flexible working, flexible retirement, cycle scheme, gym discounts and other benefits. Teams can access reflective and wellbeing support sessions where they need.

Research and Development is strong at NELFT, and we are the top recruiter to NIHR trials for a MH Trust in the North London Region with over 44 portfolio studies and 14 non-portfolio studies running at the Trust. We are in receipt of circa £2,363,915 in 20/21, over 50% of this income is from research grants that NELFT are leading and sponsoring.

Our Quality Improvement (QI) team have trained more than 325 facilitators and 30 mentors in Institute of Healthcare Improvement (IHI) methodology, and we are using QI as the way to drive better services for patients and staff across the organisation. Our commitment to Quality is strong and our journey of improvement ongoing.

We know that Clinical Leadership is key in delivering safe and effective services and the Trust has invested in clinical leadership across all clinical specialities, with £2.4 million earmarked over a three-year period. We have already recruited to many different Clinical Leadership posts to ensure all our services are Clinically Led and Operationally Enabled.

We have embarked on a journey to implement a compassionate and collaborative culture across the organisation to ensure staff are supported and patients receive the best possible care.

We have numerous accreditations across our services and are currently rolling out the Accreditation for Inpatients Mental Health Services (AIMS) program across our adult acute inpatient units at Goodmayes, which is an exciting and patient focussed programme from the Royal College of Psychiatrists. Our Child & Adolescent (CAMHS) Inpatient Unit in our London service (Brookside) is already part of the Quality Network for Inpatient CAMHS and Kent & Medway Adolescent Hospital (KMAH) is currently in the process of obtaining the same accreditation.

NELFT provides Children's Community Health Services in Kent, Essex (Basildon, Brentwood and Thurrock), and North East London (Waltham Forest, Redbridge, Havering and Barking & Dagenham).

The Children and Young people's Clinical Integrated Group facilitates integrated and standardised pathways for children's physical and mental health and quality improvement within children's services throughout the Trust.

We are excited that we are partnering with QMUL to recruit a Professor for CAMHS and a Professor for Paediatrics, in recognition of our commitment to delivering outstanding children's services to our population.

Our Mental Health Services include:

- Specialist inpatient and community-based treatment and care for people experiencing acute mental illness,
- Help for children and young people with emotional, behavioural, or mental health difficulties,
- Care for people with dementia,
- Specialist community eating disorder teams,
- Specialist community perinatal teams,
- Specialist community personality disorder teams,
- Support for people with problems associated with drug and alcohol misuse.

Our Community Health Services are provided in clinics, hospitals and in people's own homes, and include:

- Care and support for people living with long term conditions such as diabetes,
- Speech and language therapy,
- Health visiting, district and school nursing,
- Specialist community paediatric, therapy and nursing services.
- Many services that in other areas may be provided in hospital, such as blood testing, footcare and children's audiology.

We actively sought to develop our stakeholder partnerships locally and are fully engaged in the development of Primary Care Networks, Sustainable Transformation Projects, and Integrated Care Systems. This is led locally by the Integrated Care Directorate leadership teams to ensure that the needs of our local populations are met. Partnership work with our governors, people using our services and our staff is also critical in maintaining momentum and energy for the changes that the future of public services will demand.

Benchmarking of our services and their performance has proved that we are often leading the field. Our focus on high quality and value for money means we are able to play a key

role in supporting the local health economy to provide integrated healthcare services for local people.

Area demographics:

Area	Total Population	CYP	Adult	Older Adult
Barking & Dagenham	214,107	58,551	135,749	19,807
Essex	1,800,000	359,000	1,100,000	367,000
Havering	260,651	53,208	160,925	46,518
Kent	1,900,000	367,000	1,100,000	364,000
Redbridge	305,658	76,447	189,938	39,273
Waltham Forest	277,000	66,750	180,250	29,980

4.2 Trust Management & Medical Management structure:

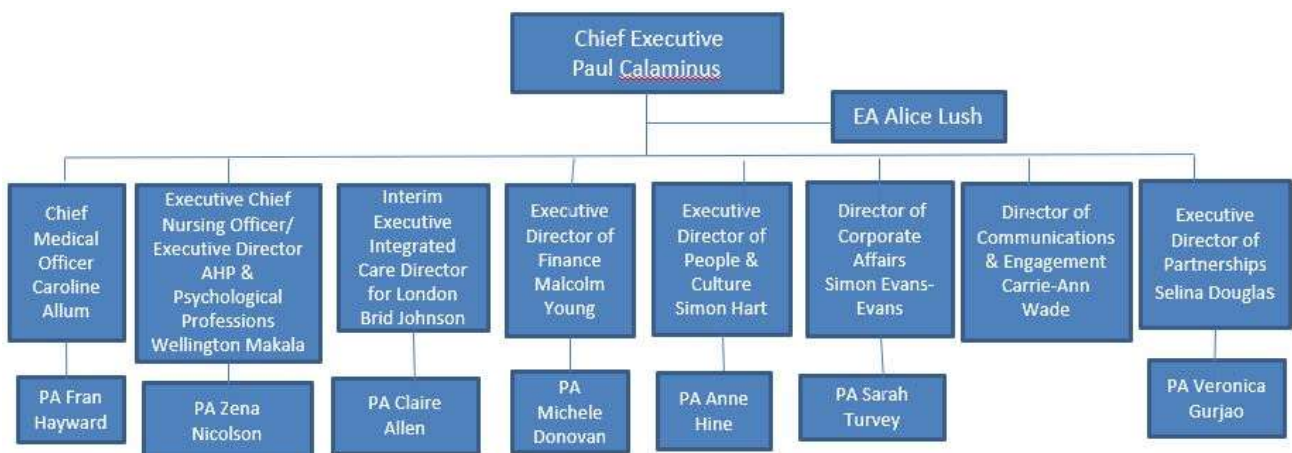

The Trust Board is made up of Executive- and Non-Executive Directors. They work together to set the strategic direction and priorities for our organisation. They are held to account by our Council of Governors.

The Executive Directors are also part of our wider Executive Management Team, which is responsible for the day-to-day running of the Trust. Other members of our Executive Management Team attend board meetings.

Our Trust Board:

Executive Management Team:

Chief Executive (Accountable Officer)	Leads the organisation and Executive Management Team Responsible for IT and Performance
Executive Medical Director	Clinical and medical leader working with workforce to improve quality and effectiveness of clinical services
Chief Nurse & Executive Director AHP & Psychological Professions	Lead for Nursing, Allied Health Professionals, Psychological Therapies, Quality, Risk, Patient Safety and responsible director for operational services in Essex and Kent
Director of Operations	Responsible for clinical operations
Executive Director of Finance	Responsible director for finance, business development and transformation
Executive Director of People & Culture	Responsible for workforce resourcing, leadership and organisational development
Executive Director of Partnerships	
Director of Corporate Affairs (Trust Secretary/ Legal Guardian)	Responsible for corporate governance, health and safety, freedom to speak up, charity and Chief Executive office
Director of Communications & Engagement	Responsible for internal and external communication and engagement

Medical Management Structure:

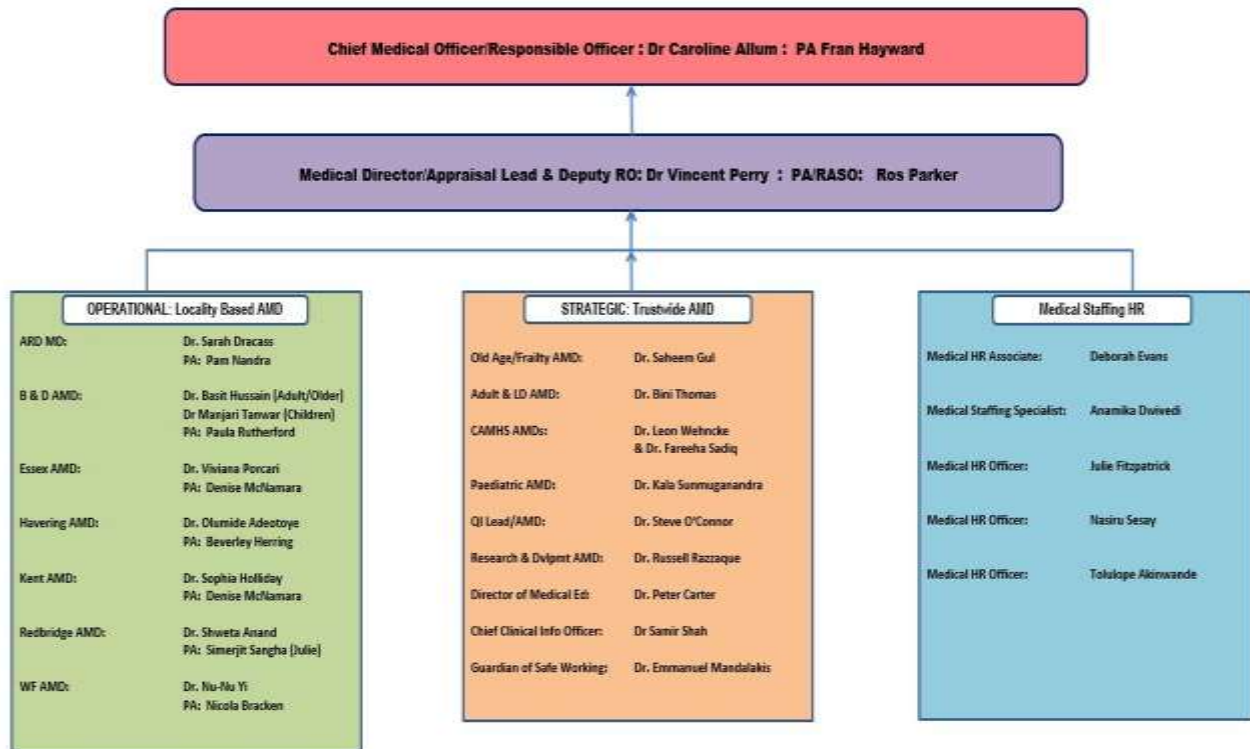

Our Chief Medical Officer is Dr Caroline Allum, who also acts as the Responsible Officer. Our Medical Director is Dr Vincent Perry, who also acts as Deputy Responsible Officer and Appraisal Lead. We have operational Associate Medical Directors who lead in one of the 7 directorates, and we have strategic Associate Medical Directors who lead across the organisation to implement standardised best practice. We have also appointed to Deputy AMD posts in the Directorates, as part of the Clinical Leadership investment.

Our 7 operational directorates include:

- Acute and Rehabilitation Directorate (ARD);
- Barking and Dagenham;
- Essex;
- Havering;
- Kent;
- Redbridge; and
- Waltham Forrest.

Our 3 strategic “Clinical Integrated Groups” include:

- Children and Young People;
- Adult Mental Health and Intellectual Disability; and
- Older People and Frailty.

4.3 Trust values:

NELFT's Trust values are:

Expectation from the post holder:

The post holder will be expected to support their team, department, and organisation to achieve the Trust's values in their day-to-day work.

Best care by the best people

4.4 Just and Compassionate Culture:

At NELFT we commit to a Just and Compassionate Culture for our colleagues and our patients. We will support and promote a culture based on fairness, respect, honesty, and trust, ensuring that we have consistent leadership behaviours and styles across the Trust. Our vision is to create an engaging place to work and an organisational environment in which you feel valued, supported and where everyone has the opportunity to learn and improve when things don't go to plan.

A Just and Compassionate Culture is a diverse one where you bring your authentic self to work without fear and where all colleagues feel understood and supported by others. Our professional relationships are built on a foundation of mutual respect, trust, and honesty. We are committed to welcoming and making everyone feel valued here at NELFT.

5. Additional Information

Staff Health and Wellbeing:

Managing health and wellbeing is the responsibility of both the employer and the employee. The trust strives to ensure that staff are provided with an environment and opportunities that encourage and enable them to lead healthy lives and make choices that support their wellbeing. We will ensure the following is in place to support all staff:

- Local Occupational Health service for pre-employment and in-employment support is available. Our Occupational Health provider is OHWorks Ltd. Referral will be by their line manager with their consent.
- There is also access to an Employee Assistance Programme (EAP), which offers employees confidential, independent, unbiased information and guidance on a range of emotional, health and social issues. A range of other support services are available to provide emotional wellbeing support of a short- or long-term nature.
- Access to the WellNEL direct support service for North East London, providing emotional health and wellbeing support (<https://keepingwellnel.nhs.uk>).
- Local organisational support for staff following serious incidents is available and teams can access reflective and wellbeing support sessions.
- A wide range of local initiatives/resources are provided to promote workforce wellbeing for example: self-care, work-life balance, stress management, coaching/mentoring, and individuals are encouraged to complete a Personal Wellbeing Plan.
- NELFT has also rolled out regular Schwartz Rounds, which has proven popular for staff, and is a good food for thought and personal wellbeing.
- Individuals will have access to a wide range of benefits, which include flexible working, flexible retirement, cycle scheme, gym discounts and other benefits.

All staff will be provided with information on how to access these support resources during induction, and regular updates are also communicated in our Weekly Update Newsletter.

Health & Safety:

Employees must be aware of the responsibilities placed upon them under the Health & Safety at Work Act (1974) and subsequently published regulations to ensure that the Trust's Health and Safety policies and procedures are complied with to maintain a safe working environment for patients, visitors and employees.

Infection Control:

Each staff member has a duty to take personal responsibility for the prevention and control of infection, in accordance with Trust Infection Prevention and Control Policies, which reflect the statutory requirements of the Health Act 2006 – Code of Practice for the Prevention and Control of Healthcare Associated Infection. They must attend mandatory training in Infection Control and be compliant with all measures required by the Trust to reduce HCAs.

Risk Management:

You will be responsible for adopting the Risk Management Culture and ensuring that you identify and assess all risks to your systems, processes and environment and report such risks for inclusion within the Trust Risk Register. You will also attend mandatory and statutory training, report all incidents/accidents including near misses and report unsafe occurrences as laid down within the Trust Incidents.

Safeguarding children and vulnerable adults:

NELFT is committed to safeguarding and promoting the welfare of children and adults and to protecting them from the risks of harm. The Trust recognises its responsibility to ensure that safe working conditions and systems are in place for staff working with children, adults, and families in their care. Staff are required to comply with Trust policies on Safeguarding.

Standards of Business Conduct & Conflict of Interest:

The NHS Code of Conduct and Standards of Business conduct for NHS Staff require all employees to declare all situations where you or a close relative or associate has a controlling interest in a business [such as a private company, public organisation or other NHS or voluntary organisation] or in any activity which may compete for any NHS contracts to supply goods or services to the Trust. All such interests must be declared in the Trust's register of interests either on appointment or when such interests are gained.

As an employee you are required to make yourself aware of and adhere to the Trust's governance policies, such as Standing Orders and Standing Financial Instructions.

Sustainability:

All staff have a responsibility for delivering high quality healthcare in a low carbon environment, where energy is used wisely and not wasted. It is the responsibility of all staff to minimise the Trust's environmental impact by recycling where possible, switching off lights, computers, monitors and equipment when not in use, minimising water usage and reporting faults promptly.

Smoking Policy:

It is the Trust's policy to promote health. Smoking, therefore, is actively discouraged. Smoking is illegal within the Trust buildings and vehicles.

Codes of Conduct:

NELFT requires the highest standards of personal and professional conduct from all its employees. All employees must comply with the Code of Professional Conduct appropriate to their professional governing body.

As an NHS employee, you are required to observe the following principles:

- Make the care and safety of patients your first concern and act to protect them from risk;
- Respect the public, patients, relatives, carers, NHS staff and partners in other agencies;
- Be honest and act with integrity;
- Accept responsibility for your own work and the proper performance of the people you manage;
- Show your commitment to working as a team member of working with all your colleagues in the NHS and the wider community;
- Take responsibility for your own and continuous learning and development.

Data Protection:

Personal data is protected under the Data Protection Act (1999) and the post holder will ensure that it is securely held and that the requirements of the Act are followed. It is the responsibility of all staff whose jobs requires them to record information in Trust Computer systems (e. g RIO, SystmOne and ESR) to ensure that the data entered into these systems is of high data quality and that information is recorded correctly and in a timely manner. Failure to adhere to this requirement could be considered a disciplinary matter.

Information Security and Confidentiality:

All employees are required to observe the strictest confidence regarding any patient/ client information that they may have access to, or accidentally gain knowledge of, in the course of their duties.

All employees are required to observe the strictest confidence regarding any information relating to the work of the Trust and its employees.

You are required not to disclose any confidential information either during or after your employment with the Trust, other than in accordance with the relevant professional codes.

All person identifiable information must be held in the strictest confidence and should be disclosed only to authorised people in accordance with NHS Confidentiality Guidelines [Caldicott] and the Data Protection Act 1998 unless explicit written consent has been given by the person identified, or where information sharing protocols exist.

Failure to comply with these regulations whilst in the employment of the Trust could result in action being taken under the Trust Disciplinary Policy and Procedure.

Equality and Diversity:

NELFT is committed to the implementation of the Equality and Diversity at Workplace policy which ensures equal opportunities for all. NELFT is also committed to embracing diversity and eliminating discrimination in both its role as an employer and as a provider of services. It aims to create a culture that respects and values each other's differences, promotes dignity, equality, and diversity, and encourages individuals to develop and maximise their potential. The Trust will ensure that it provides equal and fairness for all, and not to discriminate on the grounds of gender, marital status, race/ethnicity, disability, sexual orientation, religion, transgender or gender reassignment status, age, marriage or civil partnership/same sex marriage, or because of you being pregnant or being on maternity/paternity leave. All staff are required to observe this policy in their behaviour to employees and patients/service users.

Key Performance Indicators (KPI):

Each individual and service will be set KPIs and achievement against these will be regularly reviewed. Performance against individual and service KPI's will be routinely monitored by your manager.

Review of this Job Description:

This job description is intended as an outline of the general areas of activity and will be amended in the light of the changing needs of the organisation. To be reviewed in conjunction with the post holder.

Other Duties:

There may be a requirement to undertake other duties as may reasonably be required to support the Trust. These may be based at other Trust managed locations.

Amendments:

This is a description of the post as it is at present constituted. In consultation with the post holder, periodic reviews will be carried out to ensure that the job description relates to the job being performed and to incorporate any changes being proposed. It is hoped that agreement can be reached to any reasonable changes. If this is not possible your line manager reserves the right to make changes to the job description in consultation with you.
