

**Stunning mountains, world renowned coastline, and a vibrant capital city just on your doorstep...!**

**What are you waiting for?**

**A very warm welcome awaits you in Cwm Taf Morgannwg University Health Board – a Health Board in the heart of South Wales**

An exciting opportunity has arisen to join this dynamic, innovative and friendly multi-disciplinary department which has a strong clinical reputation across the spectrum of complex diabetes and endocrinology, as well as extensive experience in the arena of education and training, with current consultants holding International, National and local roles in medical education and Quality Improvement.

You will join the existing team of 4.2 consultant Diabetologists and Endocrinologists in addition to a wider multidisciplinary team. The new post will be based at the Royal Glamorgan Hospital, Llantrisant and we are welcoming enthusiastic candidates possessing, or willing to develop, a specialist interest to complement the needs of our services. The successful applicant will also contribute to the general medical rota.

If you would like further information regarding this post please contact Dr Philip Evans, Consultant in Diabetes and Endocrinology/Clinical lead. Email:
