Our
values

The North Middlesex University Hospital NHS Trust is a medium-sized acute and community trust with over 525 beds and over 600 community staff, serving more than 600,000 people living across Enfield and Haringey and the surrounding areas, including Barnet and Waltham Forest.

The hospital has been on its present site for over 100 years and was established as an NHS trust by statute in December 1990. The Trust's services are provided on the North Middlesex University Hospital site as well as a range of community sites across the London Borough of Enfield, including at partner hospitals. They provide services in collaboration with a range of partners, including local GPs, acute, mental health and other community health service providers across North Central London.

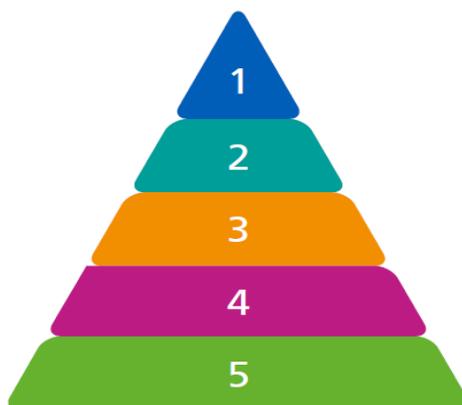

In the year ending 31 March 2022, the Trust reported a turnover of £419.7m and employed almost 4,000 staff. Following the transfer of Enfield Community Services on 1st April 2023, this has increased as we have welcomed over 600 new staff including District Nurses, Community Matrons, Community Physiotherapists, Psychologists and many more across a wide range of adult and children's community services in Enfield. It is an exciting time to join North Mid as we continue our journey to become an integrated care organisation to deliver high quality, seamless care in our local communities, with a focus on tackling health inequalities.

North Mid is part of North Central London integrated care system – consisting of the NHS and Local authority organisations in Camden, Islington, Barnet, Enfield and Haringey. As with other ICS's, we are working increasingly closely with partners and indeed many of our financial and performance objectives are measured at this system level. Whilst all organisations remain as standalone, statutory bodies we have an ICS infrastructure for making shared decisions and agreeing shared approaches.

We are proud of our staff and want to ensure their training allows them to provide excellent clinical care. We are also a training unit for medical students from UCL and St George's University Grenada, and for nursing and midwifery students from Middlesex and City Universities.

Our Vision

At North Mid, we've set out sights on Trust North: a set of five clear ambitions which describe our vision for our Trust.

- 1** Patient: delivering the best experience for our patients, respecting our local population's needs.
- 2** Partnerships: working in partnership to reduce health inequalities and improve the lives of our local population.
- 3** People: our people are engaged, compassionate, respect each other, and will always strive to improve.
- 4** Outstanding care: delivering outstanding care that is safe, effective and timely.
- 5** Sustainability: using resources and assets effectively, ensuring sustainable services for our local population.
