

Department Of Nutrition and Dietetics

Paediatric Home Enteral Feeding Dietitian Band 5 development post.

We are offering the opportunity for a dietitian to join us in a development role from Band 5 to Band 6 Paediatric Dietitian.

As a Band 6 dietitian in this role, you will have progressed to independently manage a caseload of babies and children who are enterally fed in their own homes, this will include liaison with all relevant professions, including safeguarding meetings when required.

You will be working at Enhanced level providing specialised skills, knowledge and advice to health professionals and dietitians locally and within the region.

You will have skills knowledge and experience to cover for other dietetic team colleagues' sickness and annual leave.

Band 6 will be awarded on the completion of the following:

Paediatric Dietitian teaching and Competency Framework (UHNM/ BDA Paediatric Group) competencies

BDA paediatric modules 1 and 2 or equivalent experience

Preceptorship if in first year as registrant

UHNM Leadership Modules

- Personal Impact.

This masterclass is devised to support UHNM leader's to define why it is important to be self-aware; how do we come across to others, what are our unique skills, , learn more about our personality preferences to support self-development, our communication styles and being an effective team player.

- Courageous Conversations & Feedback Skills

This workshop helps staff to develop or increase their skill, ability and confidence to deal with difficult situations using courageous compassion.

- Our NHS People

The master class will improve your ability to act with courageous compassion when dealing with difficult or challenging situations.

Our NHS People is a new masterclass available to staff in any role who would like to develop their knowledge of inclusion in the workplace, explore privilege and become an inclusive role model.

You will be assigned a supervisor; you will meet regularly to set goals and review progress.

It is expected that your development into the Band 6 role would be completed within 2 years, depending on your initial experiences and skills on appointment and progress through your development plan.
