JOB SUMMARY

The post holder will ensure the systematic provision of a high-quality comprehensive specialist psychological service to the service users of the Crisis Resolution Home Treatment (CRHT) Team.

The post holder will directly provide highly specialist psychological assessments, formulations and brief interventions, specialist risk assessments and advice on risk management, and the provision of psychological advice and consultation to others involved in service user care. The post holder will also supervise and support other staff delivering psychological and psychosocial interventions in their area.

The post holder will utilise research skills for audit, policy, research and quality improvement, and contribute strongly to strategic service development in the CRHT.

KEY RELATIONSHIPS

- Luton CRHT managers and colleagues
- CRHT Assistant Psychologists and trainees
- Crisis Pathway Adult Psychology Lead
- Luton psychology colleagues across other teams/service areas
- Multidisciplinary colleagues in Community Mental Health Teams and inpatient units
- Service Users, Carers, People Participation Lead

MAIN DUTIES AND RESPONSIBILITIES

Clinical	<ul style="list-style-type: none"> • Provide well developed, highly specialist psychological assessments, based on the appropriate use, interpretation and integration of complex data from a variety of sources (including psychological tests, measures/rating scales, Recovery measures and Quality of Life measures, direct and indirect observation and semi-structured interviews with clients, family members and involved others.) • To use the ecological model of formulation to understand with the person their symptoms and behaviours in relation to their experiences and wider social context • Formulate plans for the formal psychological treatment and/or management of mental health problems across a range of care settings at population, systemic and individual levels, based upon a theoretical knowledge base to analyse, interpret and compare highly complex information in order to design specialist programmes of treatment for individuals, groups and families, care systems and populations tailored to individual need. • To provide well developed, highly specialist expertise and psychological advice, guidance and consultation to other
----------	--

	<p>multidisciplinary professionals contributing directly to service users' formulation, diagnosis and service planning. Ensure that multidisciplinary colleagues have access to a psychologically based framework for understanding the care of service users including the Recovery Approach.</p> <ul style="list-style-type: none"> • To undertake well developed, highly specialist risk assessment and management and to provide highly specialist advice on psychological aspects of risk assessment and management holding in mind the relevant legal frameworks. • To be responsible for providing and receiving highly complex, sensitive, distressing and emotional information in relation to health issues where there are often barriers to acceptance. • To spend sustained amounts of time with service users who may be aggressive and hostile, who may have poor communication skills and self-care and special physical and/or mental needs. • To be mindful of the needs of individuals and families from a wide range of racial, cultural, sexual, religious and social backgrounds and, with service users and colleagues, co-produce innovative ways of communicating and working across language and cultural barriers. • To be responsible for developing working relationships with relevant statutory, voluntary and community groups and organisations. Provide well developed, highly expert consultation about the psychological care of the service user group to external staff and organisations. • To be responsible for recording, monitoring and reporting on clinical work and communicating highly complex clinical information to a variety of recipients, e.g. service users, families and carers, other professionals, formal panels and statutory and voluntary organisations, orally, in writing making use of Trust provided Electronic Health Record and data analytics systems.
Operational	<ul style="list-style-type: none"> • To coordinate and oversee appropriate clinical supervision of the team members offering psychological interventions • To ensure routine collection of appropriate data and outcomes • To continue to work with community and maternity partners and other stakeholders to monitor ongoing and/or unmet service need. • To be responsible for providing accurate and timely clinical information as required • To make full use of Trust electronic record systems which include Electronic Patient Record Systems, Electronic Staff Record systems (e.g. Appraisal and supervision records) and other Assurance systems such as Incident recording (Datix). • Use information technology in line with Trust and NHS information governance requirements, and maintain up to date knowledge of systems and governance requirements. • To make full use of available teleconferencing and electronic diary scheduling facilities. • Collate and report on information across service area using information systems to a high standard. • Prepare and present teaching materials and presentations to a professional level including the use of video conferencing, audio visual packages and data visualisation.
Management and Human Resources and Service Development	<ul style="list-style-type: none"> • Agree work/caseload levels with assistant director and professional lead, and manage own workload to meet expected activity levels. • Exercise line management and supervision responsibility, delegated where appropriate, for other psychologists, psychological therapists, trainee psychological therapists and assistants in the service and

	<p>agreed with assistant director and professional lead, where appropriate.</p> <ul style="list-style-type: none"> • Participate in appraisal and development planning, identifying and agreeing training needs for self and for other staff as required. • Maintain up to date knowledge of relevant legislation, national and local policies and issues in relation to the provision of services. • Take a lead and support service development and quality improvement initiatives within the directorate, in line with directorate priorities and in response to identified local need. • Attend regular psychological therapy meetings to develop and maintain high standards of professional knowledge and practice in services. • Attend multidisciplinary team meetings related to service governance and development as required. • Lead and support HR investigations held under the Complaints, Disciplinary, Competency policies.
Performance and Quality (including research and service evaluation)	<ul style="list-style-type: none"> • Support systems for evaluation, monitoring and development of the directorate's psychological therapies services to ensure services are delivered in line with Trust policies, national guidance and evidence based practice. • Use skills in undertaking research, audit and evaluation analyse and interpret highly complex data, identifying trends and opportunities for improvement. • Lead, develop and implement service related Quality Improvement and/or academic research or service evaluation projects, and advise/support other staff undertaking research and evaluation activities. Ensure that relevant clinical research, service evaluation and audit are undertaken in accordance with national and local NHS and professional requirements.
Financial and Physical Resources	<ul style="list-style-type: none"> • Contribute to the responsible management of equipment and resources required for the ongoing provision of a high standard of psychological service to the directorate. • Take delegated responsibility for the management of Service budgets.
Teaching, training and supervision	<ul style="list-style-type: none"> • Use a theoretical knowledge base and specialist clinical skills to support the psychological skills of others (assistant, trainee and other psychologists and members of other staff groups) via the development and delivery of teaching, training, supervision, support and consultation across the service. • Comply with governance systems in place for the provision and monitoring of clinical and professional supervision of qualified and unqualified psychological practitioners across the directorate. • Ensure practice within relevant guidelines for professional practice (BPS/HPC/BABCP etc). • Provide well developed and highly skilled consultation, teaching, training and (where agreed) clinical supervision to other multidisciplinary professionals for their provision of psychologically-based interventions for service users. • Ensure the personal development, maintenance and development of the highest professional standards of practice, through active participation in internal and external CPD training and development programmes.

JOB DESCRIPTION AGREEMENT

This job description is intended as a guide to the main duties of the post and is not intended to be a

prescriptive document. Duties and base of work may change to meet the needs of the service or because of the introduction of new technology. This job description may be reviewed from time to time and changed, after consultation with the post-holder.

Statement on Employment Policies	
In addition to the requirement of all employees to co-operate in the implementation of Employment related policies, your attention is drawn to the following individual employee responsibilities:-	
Health and Safety	Under the Health & Safety at Work Act 1974 it is the responsibility of individual employees at every level to take care of their own health and safety at work and that of others who may be affected by their acts at work, and to co-operate with management in complying with health and safety obligations, particularly by reporting promptly any defects, risks or potential hazards.
Equal Opportunities	<p>ELFT is committed to equality of opportunity for all employees, job applicants and service users. We are committed to ensuring that no one will be discriminated against on the grounds of race, colour, creed, ethnic or national origin, disability, religion, age, sex, sexual orientation or marital status. The Trust commits itself to promote equal opportunities and value diversity and will keep under review its policies, procedures and practices to ensure that all employees, users and providers of its services are treated according to their needs.</p> <p>For management posts, to ensure that within their service area fair employment practice and equality of opportunity are delivered.</p>
Dealing With Harassment/ Bullying In The Workplace	<p>The Trust believes employees have the right to be treated with respect and to work in a harmonious and supportive working environment free from any form of harassment and / or bullying.</p> <p>The Trust has taken positive steps to ensure that bullying and harassment does not occur in the workplace and that procedures exist to resolve complaints as well as to provide support to staff. It is your responsibility as an employee to abide by and support these steps so all employees can work in a harmonious, friendly and supportive working environment free of any harassment or intimidation based on individual differences.</p> <p>Disciplinary action will be taken against any member of staff found to be transgressing the Harassment and Bullying Policy.</p>
No Smoking	To refrain from smoking in any of the organisations premises not designated as a smoking area. 'East London Foundation Trust is a Smokefree Trust – this means that staff must be smokefree when on duty or otherwise in uniform, wearing a badge or identifiable as ELFT staff or undertaking trust business.'
Alcohol	To recognise that even small amounts of alcohol can impair work performance and affect one's ability to deal with patients and the public in a proper and acceptable manner. Consumption of alcohol during work hours is not permitted.
Confidentiality	<p>As an employee of the Trust the post holder may have access to confidential information. The post holder must safeguard at all times, the confidentiality of information relating to patients/clients and staff and under no circumstances should they disclose this information to an unauthorised person within or outside the Trust. The post-holder must ensure compliance with the requirements of the Data Protection Act 1998, Caldicott requirements and the Trust's Information and IM&T Security Policy.</p> <p>To safeguard at all times, the confidentiality of information relating to patients/clients and staff.</p>
	To maintain the confidentiality of all electronically stored personal

Data Protection Act	data in line with the provision of the Data Protection Act.
Data Protection – Your Data	<p>As part of your employment with East London Foundation Trust, we will need to maintain personal information relating to your work on your personal file. You have a right to request access to your personal file via the Human Resources Department.</p> <p>To carry out as per Data Protection Act responsibilities with regard to the access and Health Records Act 1990.</p>
Safeguarding	All employees must carry out their responsibilities in such a way as to minimise risk of harm to children, young people and adults and to safeguard and promote their welfare in accordance with current legislation, statutory guidance and Trust policies and procedures. Employees should undertake safeguarding training and receive safeguarding supervision appropriate to their role.
Service User and Carer Involvement	ELFT is committed to developing effective user and carer involvement at all stages in the delivery of care. All employees are required to make positive efforts to support and promote successful user and carer participation as part of their day to day work.
Personal Development	Each employee's development will be assessed using the Trust's Personal Development Review (PDR) process. You will have the opportunity to discuss your development needs with your Manager on an annual basis, with regular reviews.
Clinical Governance	<p>As an employee of the trust you are expected to support the Trust's clinical governance framework for monitoring and improving standards of care. You must do this by:-</p> <ul style="list-style-type: none"> • taking part in activities for improving quality • identifying and managing risks • maintaining your continuous professional development
Professional Standards	To maintain standards as set by professional regulatory bodies as appropriate.
Conflict of Interests	You are not precluded from accepting employment outside your position with the Trust. However such other employment must not in any way hinder or conflict with the interests of your work for the Trust and must be with the knowledge of your line manager.
Risk Management	Risk Management involves the culture, processes and structures that are directed towards the effective management of potential opportunities and adverse effects. Every employee must co-operate with the Trust to enable all statutory duties to be applied and work to standards set out in the Risk Management Strategy.
Personal and Professional Development/Investors in People	The Trust is accredited as an Investor in People employer and is consequently committed to developing its staff. You will have access to appropriate development opportunities from the Trust's training programme as identified within your knowledge and skills appraisal/personal development plan.
Infection Control	<p>Infection Control is everyone's responsibility. All staff, both clinical and non-clinical, are required to adhere to the Trusts' Infection Prevention and Control Policies and make every effort to maintain high standards of infection control at all times thereby reducing the burden of all Healthcare Associated Infections including MRSA. In particular, all staff have the following key responsibilities:</p> <p>Staff must observe stringent hand hygiene. Alcohol rub should be used on entry to and exit from all clinical areas. Hands should be washed before and after following all patient contact. Alcohol hand rub before and after patient contact may be used instead of hand washing in some clinical situations.</p> <p>Staff members have a duty to attend infection control training provided for them by the Trust as set in the infection control policy. Staff members who develop an infection that may be transmissible to patients have a duty to contact Occupational Health.</p>
