

JOB DESCRIPTION

JOB DETAILS

JOB TITLE:	Clinical Psychologist
JOB REFERENCE NUMBER:	
BAND:	8b
WARD/DEPT.	Generic
DIRECTORATE/LOCALITY:	Trust Wide
ESSENTIAL QUALIFICATIONS:	<p>Doctorate level qualification in Clinical Psychology as recognised by the BPS (or equivalent)</p> <p>Registered as a Practitioner Psychologist with the Health and Care Professions Council (HCPC)</p>

ORGANISATIONAL ARRANGEMENTS

ACCOUNTABLE TO:	<p>Service Manager (Operational) Lead Consultant Psychologist (Professional)</p>
REPORTS TO:	<p>Consultant Clinical Psychologist / Service Manager / LIDTS</p>
RESPONSIBLE FOR:	<p>Providing specialist clinical psychology input to service users, staff and the organisation. Support and allocate supervision of qualified and unqualified clinical psychology staff within the Service and wider locality / service</p> <p>Responsible for doctoral trainee clinical psychologists on placement.</p>

ROLE SUMMARY

Ensure the systematic provision of high quality specialist clinical psychology service input to clients of the relevant service.

Supervise and support the psychological assessment, formulations and therapy provided by other psychologists and other clinical members of the team who provide psychologically based care and treatment.

Liaise with other service providers both internal and external to the Trust.

Work autonomously within professional guidelines and within overall strategic framework of NSFT. To exercise responsibility for the systematic governance of psychological practice within the service / team.

Utilise research skills for audit, policy and service development and research.

Contribute to the ongoing development of the service by prioritising and overseeing the ongoing work of projects that require specialist psychological skills and advice. To contribute more generally to organisational and service developments, staff training and support initiatives both within the service, NSFT and to other professional organisations.

Provide teaching and training both internal and external to the Trust.

Be responsible for accurate mental health clustering of all patients on admission, discharge and at review if applicable.

Ensure all mental health clustering information is passed onto other Trust teams or services on transfer of patients if applicable.

Ensure the accuracy and quality of mental health clustering activity within the team if applicable.

DUTIES AND RESPONSIBILITIES

Clinical

Provide comprehensive specialist clinical psychology assessment of complex clients within the service. This includes the appropriate use, interpretation and integration of complex psychological data from a variety of sources including psychological and neuropsychological tests, self-report measures, rating scales, direct and indirect structured observations and semi-structured interviews with service users, family members and others involved in the service user's care.

Identify the nature, severity and complexity of service users' mental health problems. To advise both service users and members of the team on the appropriate management of those problems, enabling referral to other services where appropriate.

Lead on psychological formulations for clients to inform treatment and management plans.

Undertake risk assessment and risk management for individual service users and to provide advice to other colleagues on psychological aspects of risk assessment and management, including the risk of self-harm.

Provide specialist psychological advice, guidance and consultation to other colleagues contributing directly to a service user's formulation, diagnosis and treatment plan. This will be through the provision of advice and consultation and the dissemination of psychological research and theory.

Evaluate and make decisions about treatment options taking into account both theoretical and therapeutic models and highly complex factors concerning historical and developmental processes that have shaped the individual, couple or family.

To exercise autonomous professional responsibility for the efficiency of all aspects of the clinical psychology service provided.

Communicate in a skilled and sensitive manner, information concerning the assessment, formulation and treatment plans of service users. To monitor and evaluate progress during the course of care.

Discharge statutory social care functions as delegated under the Section 75 agreement with Norfolk and Suffolk County Councils for Service Users and Carers on behalf of the organisation.

To provide appropriate health and social care interventions according to service users recovery goals.

To assess health and social care needs as part of an integrated team, and implement / commission packages of care where appropriate.

Teaching & Training

In common with all clinical psychologists, to receive regular supervision in accordance with good practice guidelines.

Take part in regular internal continuing professional development and participate in CPD, which is linked to appraisal goals.

To provide clinical supervision to assistant, graduate or other psychologists as agreed with the Consultant Clinical Psychologist.

To provide placements and clinical supervision for trainee clinical psychologists from the University of East Anglia or other universities, ensuring trainees acquire the necessary skills, competencies and experience to contribute effectively to good mental health care.

To provide teaching and training and contribute to the development of staff working within the service. To develop appropriate training programmes as appropriate

Management, Recruitment, Policy & Service Development

Responsible for advising both service and professional management on those aspects of the service where psychological and / or organisational matters need addressing.

Contribute to local policy and service development. To prioritise and manage those projects with a focus on psychological skills and approaches.

Manage the workloads of any attached assistant and / or graduate psychologists, within the framework of the team policies and procedures.

To exercise delegated responsibility for managing the psychological resource in the form of psychological materials employed in the assessment and treatment of service users.

Research & Service Evaluation

Utilise theory, evidence-based literature and research to support evidence based practice in own work and working with others in the Trust.

Be involved in appropriate research and provide specialist advice to other staff undertaking research.

Participate in the development, evaluation and monitoring of the service through the deployment of professional skills in research, service evaluation and audit.

To undertake personal research as a major job requirement.

ICT Responsibilities

To use information communication technology and computers in day to day work in order to facilitate more effective communication and presentation of information. This includes, word-processing, e-mail communication, electronic care record systems, clinical information sharing, multi-media presentation and teaching.

General

To ensure the development, maintenance and dissemination of the highest professional standards of practice, through active participation in internal and external CPD training and development programmes.

To maintain and promote high standards of clinical record keeping including electronic data entry and recording, report writing and the responsible exercise of professional self-governance in accordance with professional codes of practice of the British Psychological Society, the Health Professions Council and Trust policies and procedures.

To maintain up to date knowledge of legislation, national and local policies and issues in relation to the specific patient group and mental health.

SPECIFIC DUTIES

TRUST VALUES AND BEHAVIOURS

To promote and adhere to the workplace values of NSFT.

Our values and behaviours were created by 1,300 staff members, service users and carers all working together in the Putting People First project.

They reflect what we all believe makes the most positive difference to the care we offer and to the way we work with one another. By 'living our values' we will develop our Trust, our people, and continue to improve the quality of everything we do.

Our values... Our behaviours... Our future

Working together for better mental health...

Positively...

Be proactive...

Look for solutions, think creatively and focus on what we can do

Take pride...

Always do our best

Take responsibility...

Plan ahead, be realistic and do what we say we will

Support people to set and achieve goals...

And be the best they can

Recognise people...

Their efforts and achievements, and say thank you

Respectfully...

Value everyone...

Acknowledge people's unique experiences, skills and contribution

Step into other people's shoes...

Notice what's actually happening

Take time to care...

Be welcoming, friendly and support others

Be professional...

Respect people's time and be aware of our impact

Be effective...

Focus on the purpose and keep it as simple as possible

Together...

Involve people...

Make connections and learn from each other

Share...

Knowledge, information and learning

Keep people updated...

With timely, open and honest communication

Have two-way conversations...

Listen and respond

Speak up...

Seek, welcome and give feedback

nsft.nhs.uk

REGISTERED HEALTH PROFESSIONAL

All staff that are members of a professional body must comply with standards of professional practice/conduct. It is the post holder's responsibility to ensure that they are familiar with and adhere to these requirements.

SUPERVISORY RESPONSIBILITIES

Clinical supervision of qualified clinical psychologists, trainee and assistant psychologists. Specialist supervision for other members of the multi-disciplinary clinical team within the Service and other professionals / agencies within the wider NHS and professional community.

RISK MANAGEMENT / HEALTH AND SAFETY

The post holder has a responsibility to themselves and others in relation to managing risk, health and safety and will be required to work within the policies and procedures as laid down by the Trust. All staff have a responsibility to access occupational health, other staff support services and/or any relevant others in times of need and advice.

FLEXIBILITY

You are expected to be flexible in the duties you carry out and the Trust reserves the right to vary your duties from time to time in line with service needs and as commensurate with your Pay Band. You may, therefore, be required, during the course of your employment, to work in a different location and/or to carry out alternative duties consistent with your status, role, knowledge and experience, taking account of any professional registration and/or qualification requirements, and which are commensurate with your Pay Band; this may include a temporary or longer term transfer to work within a different Locality or Service. Arrangements under your Terms and Conditions of Service and Trust policies will apply.

RECORDS MANAGEMENT

The post holder has responsibility for timely and accurate record keeping where appropriate and in line with professional guidelines.

The post holder has responsibility for the creation, maintenance and storage of records in accordance with Trust policy, including email documents and with regard to the Data Protection Act, The Freedom of Information Act and other relevant statutory requirements. Training will be provided in appropriate information management for the post.

SUSTAINABILITY

Carbon reduction and sustainable development are issues that impact on the lives of everyone and it is expected that all staff will commit to the principles of carbon reducing behaviours and sustainable development to ensure that resources are used efficiently, our carbon footprint is reduced and health services continue to improve.

SAFEGUARDING

Clinical

The NSFT expects all practitioners to act in accordance with statutory and local policies regarding recognition, reporting, information sharing, record keeping and joint working in relation to the Safeguarding of Children and Adults as outlined in Children Act 1989/2004, Working Together to Safeguard and Promote the Welfare of Vulnerable Children 2010 and No Secrets 2002.

WORKING WITH FAMILIES OF SERVICE USERS

Ensure that (practitioners / clinicians etc.) when working with service users consider the effects and impact of their mental health and risk behaviours on their families, and provide appropriate support, advice and education for all family members. The needs of children and young people within the household/family should be given special consideration in line with Social Care Institute for Excellence's guidance "Think Child, Think Parent, Think Family" and must always be

the priority for NSFT staff across all roles and services.

CONFIDENTIALITY

The post holder is required to maintain confidentiality of information in accordance with professional and Trust policy. The post holder may access information only on a need to know basis in the direct discharge of duties and divulge information only in the proper course of their duties.

This job description is an outline and account of the main duties required to carry out the post. It will be reviewed periodically to reflect changes and developments in service requirements. The post holder is advised that they have a responsibility to ensure they are familiar with their Terms and Conditions of Service detailed in the Contract of Employment.
