#### 1.0 Introduction

Sussex Partnership NHS Foundation Trust is a large NHS organisation that offers clinical and social care services to children, young people, adults and older adults, with emotional and mental health problems or learning disabilities. Services are provided to the people of Brighton and Hove, East Sussex and West Sussex with Children & Young People's Services provided across Sussex and Hampshire. The Trust operates as part of a wider network of health and social care and works in partnership with both statutory and non-statutory agencies. The Trust benefits from a thriving Sussex-wide psychiatry training scheme where Health Education Kent, Surrey and Sussex provide foundation, GP, core and higher trainees. We work closely with Brighton and Sussex Medical School; a partnership between the Universities of Brighton and Sussex. In 2015 we became a member of the Association of UK University Hospitals, the representative body for university hospitals with major teaching and research interests across the UK and internationally. Our vision is to improve the quality of life for the communities we serve. The clinical strategy and organisational strategy we have developed underpin this by providing frameworks to enable sustained improvements in the quality of care we provide. With our Integrated Care System partners, we have developed a compelling case for change in mental health services which strives to improve the links between health and social care to better serve our communities. The Trust is rated by the Care Quality Commission as Good for being safe, effective, responsive and well-led and as Outstanding for caring.

#### 2.0 Trust details

Sussex Partnership was formed in April 2006 as an NHS Trust and established as an NHS Foundation Trust with Teaching Trust status in August 2008. We employ approximately 5000 staff, serve a total catchment population of more than 2 million and generate an income of £250 million.

The Trust delivers services via 5 Care Delivery Services (CDS), tasked with providing overarching leadership for care groups and / or geographical areas. Each CDS is led by an operational director and a clinical director, with a multi-disciplinary leadership team (including a range of clinical professions as well as business, finance, HR, IT and estates and facilities support staff) providing additional leadership and governance oversight. The CDS model supports continuous service improvement for patients and carers, is supported by Clinical Academic Groups and aligns with our Trust Values, Organisational Strategy and Clinical Strategy. The Trust strives to provide consistently high-quality services, working in partnership with each other, the people who use our services and other organisations.

#### 3.18 Involvement in strategic development of team and services

Amber ward works with the following stakeholders:

- Acute In-patient services
- Community Teams (ATS)
- Forensic teams including Outreach and Liaison Service, MSU/LSU, Court Diversion team
- Change Grow Live Drug and Alcohol Service
- Risk and Complex Case panel
- Mental Health Act Administration Team
- Housing Departments
- Stonepillow services
- Providers of supported housing
- The team works within the Trust's 2020 vision and in line with the current clinical strategy. The clinical strategy is focused on developing teams, implementing new roles, working towards providing a single point of access for people in crisis, working more effectively with communities, and more integration between community, crisis and acute services with the aim of providing high quality mental health care. The post holder will be expected to work towards these Trust goals.
- 3.20 Sussex Partnership is committed to participation, meaning that we involve service users, and their carers and supporters, in service decision-making and planning. All employees are expected to contribute to this shared value and to support services in the delivery of its participation strategy.

Clinicians are encouraged to work in a participatory way so that shared decision making and conversations around formulation/diagnosis and ongoing care are a collaborative endeavour with the people who access our service.

It is highly likely that at least one service user or carer will be on the interview panel for this role.

# 4.0 Continuing Professional Development (CPD)

The post holder is expected to remain in good standing for CPD with the Royal College of Psychiatrists.

The post holder will be expected to have a plan for such education as is deemed appropriate, considering his or her own needs and those of the service. Consultants are actively encouraged to take their study leave entitlement in line with Royal College Guidelines and to support the development needs identified in their PDP, Peer Group reviews and appraisal. The annual study leave entitlement is £650 per year and up to 10 days per year (30 days every 3 years) subject to approval by the Clinical Lead/Director and the Director of Medical Education, Dr Michael Hobkirk.

Peer supervision is arranged between the consultants working in the locality, multidisciplinary supervision is arranged in the local teams, and ability to discuss cases and service problems

occur on a monthly basis in the monthly Pan-Sussex meeting for consultants and SAS grade doctors.

All Consultants have a responsibility for ensuring their own continuing professional development and are expected to register for CPD with the Royal College of Psychiatrists. Consultant peer groups are established which the post holder will be expected to join. The Trust is committed to supporting CPD activities both internally and externally.

#### 5.0 Clinical Leadership and Medical Management

Medical management across the Trust is led by our Chief Medical Officer who is supported by a Deputy Chief Medical Officer, Associate Medical Directors, Clinical Directors, Clinical Leads and a Chief Pharmacist.

Local medical leadership is provided by the Clinical Director, Dr Claire Tanner.

Quality Improvement is the chosen improvement methodology for this organisation and the post holder will be expected to:

- Develop a clinical leadership role within the multidisciplinary team and across the service as a whole and work with colleagues and management to ensure optimal service delivery.
- Participate in business planning for the locality and, as appropriate, contribution to the broader strategic and planning work of the Trust.
- Lead the improvement of the quality of care within the team and contribute to improving quality across the system.

The post holder will be encouraged to contribute to other relevant management activities within the Directorate and the Trust. This might include participation in clinical governance activities, relevant working groups, or a future medical management post.

# 6.0 Appraisal & Job Planning

The Trust is committed to ensuring all Trust medical staff is licensed, up to date clinically and fit to practice, in line with national medical revalidation guidance.

The revalidation process includes an annual appraisal and the Trust's Revalidation Policy clearly sets out roles and responsibilities to support this.

The Trust's Revalidation Support office is well established and provides an excellent service in supporting doctors in all aspects of revalidation.

Dr Peter Aitken, DeputyChief Medical Officer is the Responsible Officer.

Trust doctors are encouraged, if interested, to become appraisers themselves and training for this role is offered.

Group and individual job planning is supported by a clearly defined Trust policy and in place not only to meet the contractual requirements of the role but also to provide opportunities for personal and professional development and to help drive quality improvement.

The Trust offers a structured mandatory corporate induction programme to ensure staff feel supported and welcomed into their new role. Local induction will assist to further orientate the post holder to the workplace environment and to their team/service. Mandatory and

statutory training is also undertaken as part of the induction process where the post holder will have access to e-learning modules.

The Trust operates an active mentorship programme and learning set for new Consultants.

# 7.0 Teaching and Training

The post holder will be supported via group and individual job planning processes to provide dedicated time in their job plan to:

- Provide training to junior medical staff, and to other professionals on a multidisciplinary basis, and with other mental health organisations where appropriate.
- Participate in the Trust's core education and training programme on Wednesday afternoons, which take place at various sites across the Trust, as well as regional Foundation and Speciality doctor training schemes as required.
- Remain in good standing in relation to CPD & revalidation.
- Provide supervision to junior medical staff in line with the Trust's supervision strategy.
- At times be responsible for individual supervision of a Trainee.
- Ensure that the post holder and supervised junior staff are regularly updated on professional developments as required by their professional body.
- Contribute to corporate training initiatives within the Trust.

This post has been a teaching post with both core and higher trainees historically and the post holder will be encouraged to work with medical education to continue these posts.

#### 8.0 Research

Sussex Partnership is committed to the design, delivery and translation of high-quality research in order to improve our services and the experience of our patients. We are consistently one of the most active mental health research organisations in England and were ranked second out of 57 specialist mental health trusts for the number of people involved in research by the National Institute for Health Research (NIHR) in 2018-19. The Trust achieved a 62% increase in the number of people involved in research studies within the last year, having recruited 3,932 research participants in 2018/19 compared to 2,427 in 2017/18. We have strong academic partnerships with Brighton and Sussex Medical School, University of Sussex and University of Brighton particularly, and our reputation for clinical excellence is attracting leading clinical practitioners and researchers to Sussex. We attribute this success to our patients who take part and to staff and clinicians in the Trust, by paying attention to all aspects of the research process, from design of new studies, to delivery of existing research and to the translation of findings into practice.

The Trust academic centre offers first class facilities and is based at the Sussex Education Centre in Hove. The universities provide access to statistical support and advice. At any given time, there are several major studies being undertaken within the Trust. Smaller individual

projects are subject to standard screening as well as local ethics committee approval before sign off. The Trust's Chief Medical Officer is the Deputy Chair for the regional Clinical Research Partnership Board.

The post has no specific teaching or research responsibilities other than those which are inherent in clinical duties. However, there are opportunities to use SPA time for teaching or clinical and other basic research through Sussex University and Brighton and Sussex Medical School, where Professor Hugo Critchley is Chair of Psychiatry.

#### 9.0 Mental Health Act and Responsible Clinician Approval

The post holder will be expected to be approved as a Responsible Clinician or be willing to undertake training to obtain Section 12(2) MHA and will be expected to renew this approval according to agreed procedures.

#### 10.0 Secretarial Support and Office Facilities

The Trust strives to maximise clinical time for doctors by reducing as much administrative time as possible and a clear structure for admin support has been developed.

The service benefits from an established administrative support team and the post holder will be assigned XX WTE of admin support.

The consultant will have access to their own laptop, mobile phone and functioning of both devices are supported by a centralised IT service.

The consultant will have access to shared office space with other consultants, in line with RCPsych guidelines.
